
SAFETY DATA SHEET

Document ID: SDS-Masks-Can-186771
Revision: 0
Issue date: 2020-05-14

Copyright, 2020. PRI-MED Medical Products Inc. All rights reserved. Copying of this information for the purpose of properly utilizing PRI-MED products is allowed provided that the information is copied in full with no changes unless prior written permission is obtained from PRI-MED, and neither the copy nor the original is resold or otherwise distributed for profit.

1. Product and Company Identification

Manufacturer: PRI-MED Medical Products, Inc.
Tel: 780.497.7600 | Fax: 780.497.7670 | www.primed.ca

Product ID: 186771

Intended use of product:
Masks are generally used to reduce the risk of pathogen transfer between individuals.

Limitations on use of product:
Not intended to be worn as a respirator.

2. Hazards Identification

Critical hazards: None known

3. Composition/Information on Ingredients

Ingredient	CAS Number	Content (wt%)
Polypropylene	9003-07-0	25 – 95%
Polyester and Latex free Elastomer	Not available	<15%
Polyethylene and iron nose wire	9002-88-4 7439-89-6	<10%

NOTE: each percentage is expressed as the ratio of the weight of the ingredient to the weight of the product.

4. First Aid Measures

Instructions for Eye Contact:	No need for first aid is expected.
Instructions for Skin Contact:	No need for first aid is expected.
Instructions for Inhalation:	Not applicable.
Instructions for Ingestion:	May present a choking hazard if ingested. No need for first aid is expected.

5. Fire Fighting Measures

Suitable Extinguishing Media:	Ordinary combustible solid. Use fire extinguishers with class A or B extinguishing agents (e.g., water, foam, dry chemical, carbon dioxide).
Exposure Hazards during Fire:	No unusual fire or explosion hazards are anticipated.
Combustion Products from Fire:	Smoke Carbon monoxide from combustion Carbon dioxide from combustion

Under recommended usage conditions, hazardous decomposition products are not expected. Hazardous decomposition products may occur as a result of oxidation, heating or reaction with another material.

Fire Fighting Procedures:

Wear full protective clothing, including helmet, self-contained positive pressure or pressure demand breathing apparatus, bunker coat and pants, band around arms, waist and legs, face mask and protective covering for exposed areas of the head.

6. Accidental Release Measures

Personal Precautions:	Not applicable
Spill Response:	Not applicable
Methods for Disposal:	Reclaim undamaged product, dispose of damaged materials in a sanitary landfill.

7. Handling and Storage

Storage Requirements:	Normal room temperature and humidity
Ventilation:	Not applicable
Use Instructions:	This product does not release or otherwise result in exposure to a hazardous chemical under normal use and storage conditions.

8. Exposure Controls/Personal Protection

Eye Protection:	Not applicable
Hand Protection:	Not applicable
Skin Protection:	Not applicable
Respiratory Protection:	Not applicable
Ingestion Prevention:	Not applicable
Recommended ventilation:	Not applicable
Ingredient Exposure Data:	No data available
Exposure limits:	Not applicable / No data available

9. Physical and Chemical Properties

Physical form:	Solid face mask
Color:	Blue and white
Odor:	Not applicable
Odor Threshold:	Not applicable
pH:	Not applicable
Boiling point/boiling range:	Not applicable
Melting point/melting range:	Not applicable
Flash point:	Not applicable
Evaporation rate:	Not applicable
Flammability	Not applicable
Lower Explosive Limit:	Not applicable
Upper Explosive Limit:	Not applicable
Vapour pressure:	Not applicable
Vapor density:	Not applicable
Specific gravity:	Not applicable
Water solubility:	Not soluble
Octanol/Water partition Coefficient:	Not applicable
Autoignition temperature:	Not applicable
Decomposition temperature:	Not available
Viscosity:	Not applicable
Volatile organic compounds:	Not applicable
Percent volatile:	Not applicable

10. Stability and Reactivity

Stability and Reactivity:	Stable. Hazardous polymerization will not occur.
Conditions to Avoid:	None known
Incompatible Materials:	Strong oxidizers
Hazardous Decomposition:	Carbon monoxide from combustion Carbon dioxide from combustion

Under recommended usage, hazardous decomposition products are not expected. Hazardous decomposition products may occur as a result of oxidation, heating or reaction with another material.

11. Toxicological Information

Effects from Eye Contact:	No health effects are expected
Effects from Skin Contact:	No health effects are expected
Effects from Inhalation:	No health effects are expected
Effects from Ingestion:	No health effects are expected
Sensitization Information:	No health effects are expected
Carcinogenicity:	No health effects are expected
Mutagenicity:	No health effects are expected
Reproductive Effect:	No health effects are expected
Component Based Information:	For further details contact PRI-MED as above.

This product, when used as instructed and under reasonable conditions, should not present a health hazard. However, when used in a manner outside the norm of use, product performance may be affected and potential health and safety issues could result.

12. Ecological Information

Environmental Data:	Not applicable.
Ecotoxicity Data:	Not applicable
Ecofate Data:	Not applicable

13. Disposal Considerations

Product as sold:	Dispose of waste in a sanitary landfill.
Product as used:	Sterilize as required based on use and dispose of in a sanitary landfill. (I.e. treat as biohazardous according to local regulations.)
Product packaging:	Coated and uncoated cardboard, Dispose of waste in sanitary landfill. Recycle where possible.
Special Instructions:	Consult regulatory authorities before disposal.

14. Transportation Information

Transportation of Dangerous Goods Classification: Non-Regulated Material
International Dangerous Goods Classification: Non-Regulated Material

For further information, contact PRI-MED Medical Products Inc.

15. Regulatory Information

WHMIS Classification: Exempt
Product Certification: Manufactured Article therefore exempt
Health Canada Information: Medical device, class 1

This product has been classified in accordance with the Canadian Medical Device Regulations (MDR SOR/98-282).

Note: this document has been provided out of consideration for our customers. As per the Canadian Hazardous Products Act, medical devices are exempt from SDS requirements. (For further details, refer to Part II – Application, paragraph 12 (j) and Schedule 1, line 3 with reference to devices regulated under the Food and Drugs act.)

16. Other Information

The information in this Safety Data Sheet (SDS) is believed to be correct as of May 14, 2020.
