

CURRENT STRATEGY

- Procure as much N95s supplies from traditional vendors as possible
- General use of pandemic supplies (based on testing and best practice evidence)
- Collection, reprocessing, storage, and validation of reprocessed respirators
- Purchasing of reusable N95s for the purpose of fit testing critical staff who have failed all other models

N95 Make & Model Status	
●	3M 1860 DOH >30
●	3M 1860s DOH >30
●	KC 46727 DOH >30
●	KC 46827 DOH >30
●	3M 1804 DOH >30
●	3M 8210 DOH >30
●	3M 1870 DOH >30

✓ **Other ongoing tactics:** AGMP guidelines, minimizing staff and physicians involved in an AGMP
