

Victoria Hospital Project Updates

November 25/21

Read Time Estimate: 3 Minutes

Purpose of this document:

This Newsletter is intended to be shared at huddles to help keep the Victoria Hospital staff up to date with the Victoria Hospital Project. The update will be provided on the last Thursday of the month.

Highlights from this past month:

- October 21, Collaborative working session between the Saskatchewan Health Authority and the Ministry of Health for review of the future state staffing model.
- Continued work on refinement of future state staffing resources.
- Meeting with the Physician Resource Swim Lane to review future state Physician resource strategies.
- Preparation for the December departmental staffing model engagement meetings.
- Incorporation of vPlanner Project Management Software by the Victoria Hospital Project Team and stakeholders.
