RE: SCH and JPCH Director Site Lead Announcement

It is my pleasure to announce that Nancy Kulbida has accepted the Director and Site Lead position for Saskatoon City Hospital and Jim Pattison Children's Hospital.

Nancy comes to us with a wealth of knowledge from her diverse and extensive background. Recently (last 4 years) she was a team lead for the Administrative Information Management System (AIMS) where she led diverse teams in a complex and changing environment. Nancy will be a great asset to our operations, as well as a welcomed addition to the Acute Care leadership team.

Nancy will start in her position on Wednesday, January 26, 2022. Please join me in welcoming Nancy to her new role.
