FROM: Heather Miazga, Director Critical Care, Respiratory, Organ Donation

RE: Manager - Pulmonary Function Lab, Sleep Disorders Centre & SAIL Respiratory Benefits Program

I'd like to welcome Ashleigh Gartner to our Provincial Tertiary Care Team; she will be leading the Sleep Disorders, SAIL Benefits and Pulmonary Function teams. Ashleigh has worked within the SHA for the past 15 years within the Cardiology Department, including providing interim manager coverage to the non-invasive cardiology program and was the clinical lead on the Philips IECG project as well as taken leadership training through the Edwards School of Business. Ashleigh's skill set will help enhance the future growth of the Pulmonary Function Lab and Sleep Disorder program going forward.

I look forward to working with Ashleigh she starts on June 9th; please join me in welcoming her.

At this time I would like to thank Dawn Demchenko for her leadership and wish her well in her new role within the SHA.

Safety | Accountability | Respect | Collaboration | Compassion

With a commitment to a philosophy of Patient and Family Centred Care
