

Saskatchewan Ministry of Health Approved Research Ethics Boards/Committees

Criteria and a process for the assessment and approval of the research ethics committees for purposes of section 29 of *The Health Information Protection Act* (HIPA) have been developed and approved by the Minister of Health. One of the requirements set out in section 29 is that all research projects where personal health information is used or disclosed by a trustee must be approved by a research ethics committee that has been approved by the Minister of Health for Saskatchewan.

The Minister has approved the following research ethics committees:
