LETTER OF TRANSMITTAL

Dear Ministers Cockrill and Carr:

The Saskatchewan Health Authority (SHA) is pleased to provide you and the residents of Saskatchewan with the SHA Annual Report for 2025-26.

During the 2025-26 fiscal year, the SHA remained focused on strengthening health care across the province by investing in our most valuable resource, our people; providing responsive mental health and addictions services; delivering seamless care as close to home as possible; and enhancing patient care through responsible financial stewardship, improved flow of information, and renewed facility infrastructure.

Our efforts remain grounded in a patient and family centred approach and guided by our CARES values of Compassion, Accountability, Respect, Equity, and Safety. These values define who we are as an SHA and guide how we care for patients, support one another, and make decisions across the health system.

Over the past year, the SHA advanced important organizational changes to better support frontline care and strengthen clinical leadership. Administrative restructuring streamlined leadership through the elimination of 26 positions, resulting in approximately \$10.4 million in annual savings. These savings were reinvested directly into patient care and service delivery, supporting 77 new and enhanced frontline positions and 47 new and enhanced clinical leadership positions in 45 rural and northern communities, increasing care delivery and leadership presence at the point of care across the province.

In parallel with these administrative changes, the SHA implemented a new physician leadership model to improve role clarity, strengthen physician connection to operational leadership and decision-making, and reinforce accountability for quality, safety, and service delivery across the health system. The renewed senior physician leadership structure established six Deputy Chief Medical Officers reporting to the Chief Medical Officer who provide co-leadership for service areas alongside Vice Presidents, replacing the previous senior physician leadership structure.

We recognize that organizational changes can be challenging, and we are grateful to our teams for their professionalism, adaptability, and continued focus on patients throughout this period.

As we look ahead, the Government of Saskatchewan's Patients First Health Care Plan, introduced in March 2026, presents a significant opportunity to further strengthen the health system. The SHA is committed to delivering on the priorities within this plan to enhance access to care and ensure patients receive the right care, at the right time, as close to home as possible.

Our progress and achievements are made possible by the dedication of our staff, physicians, leaders, and partners. We extend our sincere thanks to all those whose commitment and compassion continue to strengthen Saskatchewan's health system for the patients, residents, and families we serve.

Respectfully submitted,

Gilene Wicks
Chairperson Saskatchewan Health
Authority Board of Directors

Andrew Will
Chief Executive Officer
Saskatchewan Health Authority

MISSION, VISION, VALUES

VISION *Healthy People, Healthy Saskatchewan*

MISSION *“We care. We work together to improve health and well-being; every day, for everyone.”*

THE SHA'S VALUES ARE:

COMPASSION:

We are caring. We practice empathy. We listen actively to understand each other's experiences.

ACCOUNTABILITY:

We are responsible. We own each action and decision. We are transparent and have the courage to speak up.

RESPECT:

We are collaborative. We treat everyone with kindness, dignity, and empathy. We honour diversity and value each person as an individual.

EQUITY:

We are committed to health equity. We recognize that factors such as geographic location, culture, and background are key determinants of health outcomes. We embrace the diversity of our teams, and work to remove barriers to ensure all Saskatchewan residents and communities can access high-quality care.

SAFETY:

We are aware. We commit to physical, psychological, social, cultural, and environmental safety. Every day. For everyone.

Together, these values create the word CARES. Every week, stories about SHA employees and physicians living these values to deliver high quality, patient-centred care and better patient experiences are published on the SHA website, intranet, internal newsletters, and social media channels.

COMMITMENT TO TRUTH AND RECONCILIATION

The Saskatchewan Health Authority acknowledges Saskatchewan is situated on the traditional territory of First Nations (Cree, Dene, Assiniboine/Nakota and Saulteaux) people, which includes Treaties 2, 4, 5, 6, 8, and 10 and the homeland of the Dakota, Lakota and Métis nations.

In honour of the 6,500 residential school survivors who shared their stories, we will work to advance the Truth and Reconciliation Commission Calls to Action.

The Saskatchewan Health Authority is committed to addressing impacts of racism, discrimination and trauma, and closing the gap in health outcomes between Indigenous and non-Indigenous Peoples.

We acknowledge:

- That residential schools have had a devastating impact on the health and well-being of First Nations and Métis people across Canada. These harms related to health must be addressed through constructive action within the Saskatchewan Health Authority.
- The health impacts of intergenerational trauma and the need to develop processes that will have a positive impact on First Nations and Métis communities, families and individuals and understand the healing process is long term and multi-generational.
- The adverse impacts that our history has had on past generations and will continue to impact present and future generations to come.
- That First Nations and Métis people have a wholistic view of health and well-being, including traditional medicines and practices that have existed since time immemorial. Health and well-being includes the emotional, physical, mental, and spiritual aspects of an individual.

We commit to:

- Continuing to find effective ways of implementing the Calls to Action outlined by the Truth and Reconciliation Commission of Canada, June 2015 that are relevant to health and health care, to better serve First Nations and Métis situated on the Treaty and homeland territories across Saskatchewan.
- Cultivate conversations to improve and strengthen relationships with First Nations and Métis people based on mutual respect.
- Supporting and acknowledging the wholistic worldviews, knowledge and practices of First Nations and Métis peoples' health and well-being by improving access to traditional medicine alongside existing health-care practices.
- Establishing appropriate data infrastructure, in collaboration with First Nations and Métis leaders and communities, to measure the health status of First Nations and Métis people in Saskatchewan.
- Embracing the strength of diversity in our provincial health system.
- Honouring all First Nations and Métis people in our health system by creating an inclusive culture grounded in our values of Compassion, Accountability, Respect, Equity, and Safety and the commitment to a philosophy of Patient and Family Centred Care.
- Addressing systemic barriers by delivering culturally responsive care that improves equitable access to care for First Nations and Métis peoples.
- Increasing cultural responsiveness, cultural safety and anti-Indigenous racism training opportunities for all Saskatchewan Health Authority employees.
- Retaining and increasing the number of First Nations and Métis employees within the Saskatchewan Health Authority.

The Statement of Commitment will be respected and honoured for present and future generations.

OUR COMMITMENT TO EACH OTHER: PATIENT RIGHTS AND RESPONSIBILITIES

We want everyone to have the opportunity to be as healthy as possible. Together, we will continue to design a health system where care is available, accessible, and fair for everyone.

As a patient, you are a part of your health-care team. We want you to know what you can expect from us, and what we expect from you during your care. This will help us all to have the best health-care experience, together.

As a Patient You Can Expect to Be:

Cared for in a safe and respectful way.

That means we will:

- Provide care that is free from all forms of racism and discrimination.
- Tell you our names and roles before we provide services to you.
- Explain things in understandable ways.
- Provide translation services where English isn't your first language.
- Strive to support you when you want to include cultural supports and healing practices in your care.
- Provide high quality care that is as private as possible.
- Explain the risks and benefits of treatments or procedures before we ask you to make decisions about them.
- Keep your health information accurate and private.

Involved in your care.

That means we will:

- Work with you to set goals and make decisions about your health.
- Partner with you to include your choices, needs and values in your care plan.
- Support you to have at least one family member, friend or other person be with you during your care to support your well-being.
- Ask you how involved you want that support person to be in your care.
- Ask you about your health-care wishes and support you to understand how to choose someone else to make decisions for you if you aren't able to.
- Help you to access your health information if you want to see it.
- Ask you to share your concerns and feedback with us. Your care will not be negatively affected if you do.
- Listen to your concerns and do our best to resolve them.

We ask that you:

- Let your care team know if you have questions about your care or concerns about safety.
- Treat staff, other patients, families and the space you are in, with respect.
- Respect the privacy of other patients and families.

**Let your care team
know if you have
questions about your
rights and responsibilities.**

Share your feedback or concerns.

We want you to have the best possible care experience. We commit to making you an important part of your health-care team. Please share any feedback, questions or concerns with your care team. You can also tell us about your care by answering a patient survey. If you can't resolve a concern with your care team, you can contact a Client Concerns Specialist for help.

SAFETY CHARTER

The Saskatchewan Health Authority (SHA) Board of Directors is committed to providing physical, psychological, social, cultural, and environmental safety. Every day. For everyone.

Together, we will advance a culture of safety and continuous improvement that provides people centred care, focuses on the elimination of preventable harm, and has a climate of psychological and cultural safety. We acknowledge that everyone must take responsibility for their role in supporting a safe environment to live our vision, mission and values.

We honour Our Commitment to Each Other: Patient Rights and Responsibilities to ensure safe and respectful care for everyone. Through this safety charter the SHA commits to:

- Ensuring that safety for everyone is our first and highest priority.
- Understanding that workplace safety for employees and physicians is directly linked to safety for patients and families.
- Building our capability to understand if we are safe today and how we can be safe tomorrow.
- Fostering an environment that is psychologically and culturally safe, allowing us to be compassionate, creative, and learning-based.
- We make quality and safety part of our everyday work to provide care that is safe for patients, families and staff.
- Guiding the organization to partner with patients and families in care provision and co-create SHA policies and procedures that create safe and reliable processes and clarify roles and responsibilities.
- Ensuring reporting of harm and/or concerns is easy and followed up with understanding what harm occurred, why it happened, sharing the findings and improvements, and learning as an organization.
- Providing the opportunity for all employees, physicians, patients/families, and other stakeholders to participate and collaborate in the process of continuously improving safety strategies and outcomes.
- All employees and physicians have the responsibility and the right to know, right to participate and the right to refuse work when unsafe conditions exist.
- All patients and families have the right to be cared for in a safe and respectful way, and to be involved as a partner in their care.

By partnering with patients, families, staff and physicians, we will create a safe health system that supports “Healthy People, Healthy Saskatchewan.”

Arlene Wiks, Board Chairperson

Saskatchewan Health Authority Board of Directors

GOVERNANCE

The Saskatchewan Health Authority (SHA) is governed by the SHA Board of Directors (the Board). The Board consists of 10 voting members, appointed by the Lieutenant Governor in Council. The Board is accountable to the Ministry of Health to achieve the goals and objectives of the SHA, ensuring effective planning, delivery, and evaluation of all health-care programs on behalf of the residents of Saskatchewan.

The Board recognizes the paramount importance of patients and families in the delivery of the health-care services provided by the SHA. The Board incorporates the patient experience into its work to inform the strategic direction of the SHA.

The SHA governance system is outlined in *The Provincial Health Authority Act* and *The Provincial Health Authority Administration Regulations* supported by the General Bylaws of the SHA, and further detailed in the Governance Charter. The Governance Charter reflects the provincial legislation, direction, philosophy and principles governing the SHA – a large, complex, high profile and accountable public sector organization. The Governance Charter describes in detail the Board's accountabilities to, and relationships with, key stakeholders and the Chief Executive Officer (CEO) inclusive of the CEO's authority and expectations.

The governance philosophy is guided by the following principles:

- The Board provides strategic direction and leadership.
- The Board adheres to the highest ethical and legal standards in the conduct of its business.
- The Board makes decisions on the best available evidence.
- The Board's approach to governance is open: receptive to information that will enable the Board's work, responsive to the expectations of the public and transparent regarding the decisions that are made.

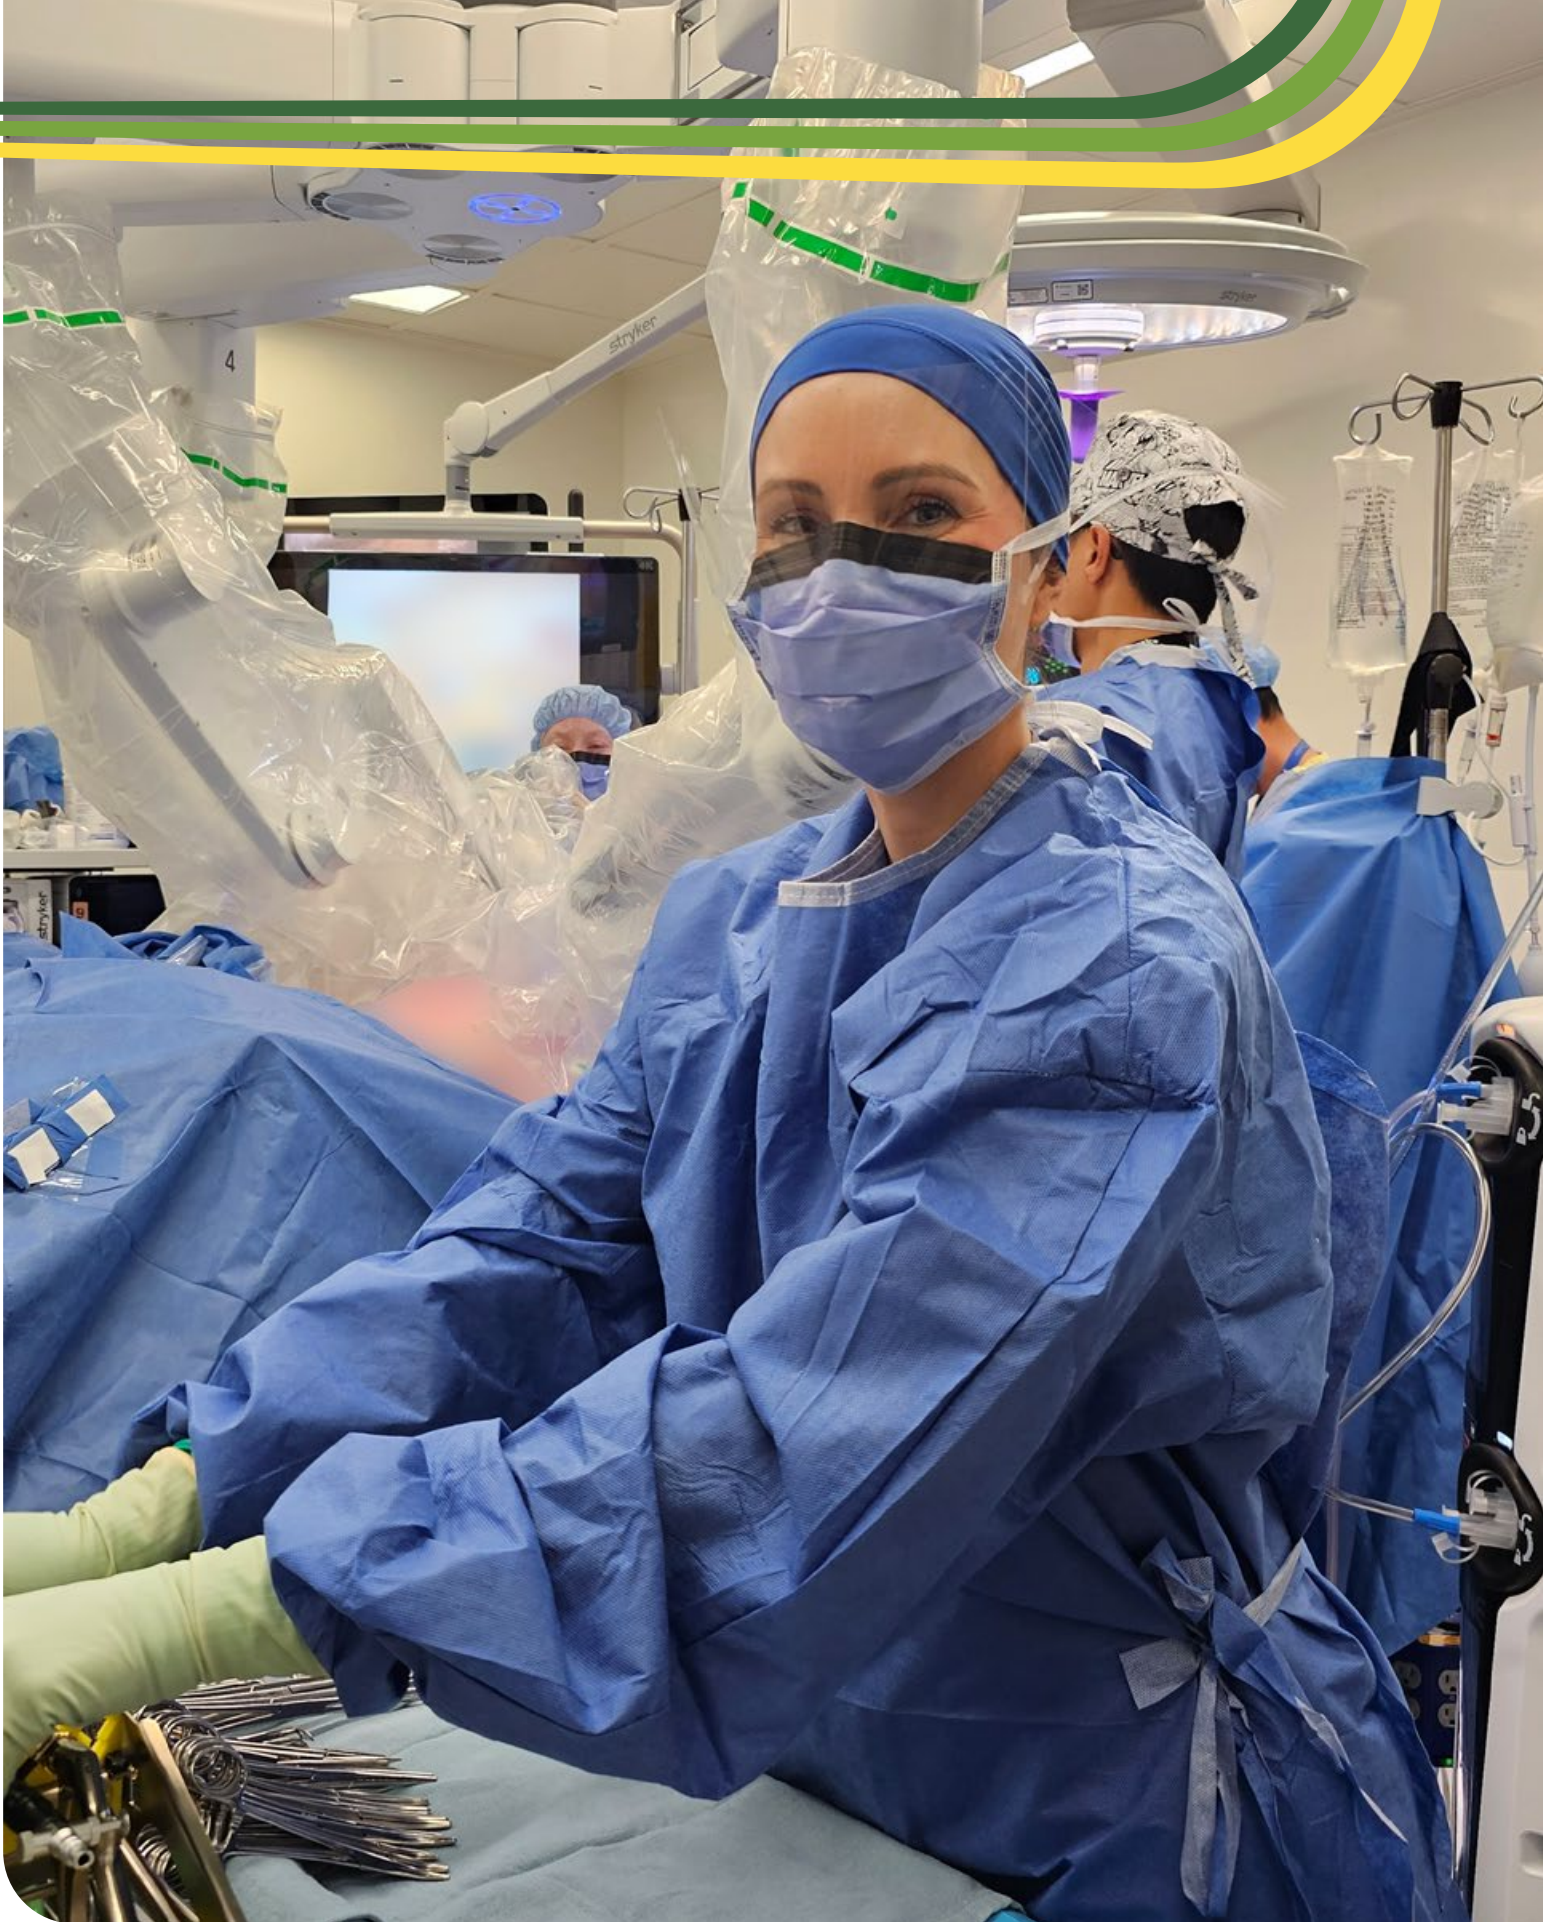

- Members are to act in the best interests of the Board as a whole.
- The relationship between the Board and the CEO is based upon trust, collaboration and clear understanding of roles and responsibilities of the Board and the CEO.

The Governance Charter also outlines the Board's structures and governance processes whereby strategic goals are set, key relationships are maintained, assets of the organization are safeguarded, and quality care is supported in accordance with best practices, service excellence and national performance standards such as those of Accreditation Canada. The Board fulfills its governance role and responsibilities through a number of Board committees. These committees are chaired or co-chaired by Board members who are recommended by the Board chairperson and formally appointed by the Board:

- Governance and Human Resources Committee;
- Digital Transformation and Innovation Committee;
- Quality and Safety Committee;
- Audit, Finance and Risk Committee;
- Board Practitioner Hearing Committee; and
- Practitioner Liaison Committee.

The SHA has also established an internal audit function that supports the SHA to accomplish its objectives by bringing a systematic and disciplined approach to evaluate and improve its operations.

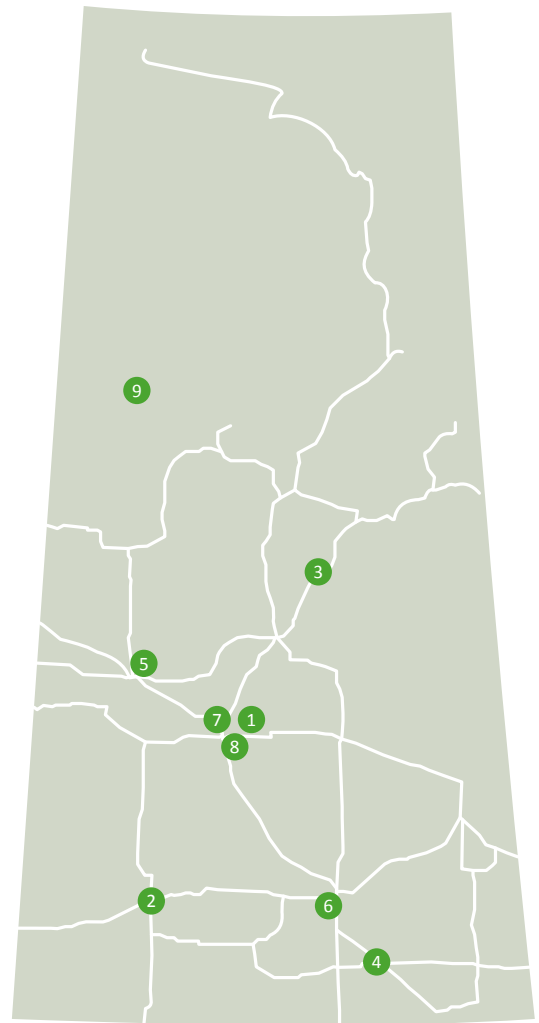

The Chief Audit Officer (CAO) does this by providing insight and advice to help drive improvements in governance, risk management and control processes, balanced with assurance on key risk mitigations and controls through the completion of audit work. The CAO reports functionally to the SHA Board, with a dotted line to the CEO for day-to-day administrative matters to maintain the CAO's independence and objectivity.

- 10 Vacant

STRENGTHENING FRONTLINE CARE THROUGH LEADERSHIP RESTRUCTURING

The Saskatchewan Health Authority (SHA) continued to advance organizational transformation in 2025-26 through a leadership restructuring initiative designed to strengthen point-of-care service delivery, improve operational efficiency, and better support patient care across the province. The restructuring focused on streamlining administrative and leadership structures while ensuring resources were aligned with the areas of greatest need within the health system.

As part of this work, 26 leadership positions were eliminated, resulting in approximately \$10.4 million in annual savings. Savings generated through the restructuring were reinvested directly into patient care and service delivery priorities. This reinvestment supported the creation and enhancement of 77 frontline positions across a

range of clinical and operational areas, helping to improve access to care, strengthen service capacity, and support health-care teams in communities throughout Saskatchewan. The 77 positions of clinical roles such as registered nurses (RNs), registered psychiatric nurses (RPNs), licensed practical nurses (LPNs), combined lab and x-ray technicians (CLXTs), medical radiation technologists (MRTs) and phlebotomists.

In addition, SHA created and enhanced 27 new and 20 enhanced clinical manager positions in 45 communities to strengthen on-site leadership and provide greater support to care teams. These roles will improve day-to-day clinical oversight, support quality and safety initiatives, enhance staff engagement, and strengthen responsiveness to local operational needs. Increasing leadership presence closer to the point of care also supports more timely decision-making and improved coordination across services and programs.

These enhancements build on the success of previous rural and remote staffing stabilization efforts that, since 2022, have added 315 new and enhanced positions as part of the provincial Health Human Resources Action Plan.

The leadership restructuring reflects the SHA's ongoing commitment to building a sustainable, patient-centred health system that prioritizes frontline care and supports patients and employees. By redirecting resources toward direct patient services and local clinical leadership, the organization is working to enhance care delivery, improve workforce support, and position the health system to better meet the evolving needs of Saskatchewan residents.

ENHANCING CLINICAL LEADERSHIP THROUGH PHYSICIAN LEADERSHIP RESTRUCTURING

In 2025-26, the Saskatchewan Health Authority (SHA) continued to strengthen its clinical leadership model through a physician leadership restructuring initiative aimed at improving system integration, supporting physician engagement, and enhancing patient care across the province.

Following a review of SHA's senior physician leadership structure, opportunities were identified to improve role clarity, strengthen connection to operational leadership, and reinforce shared accountability for quality, safety, and service delivery across the health system. SHA implemented a new senior physician leadership model based on co-leadership. Six Deputy Chief Medical Officer roles were established to focus on strengthening physician engagement in operational decision-making. The initiative emphasized clearer accountability, improved collaboration between operational and medical leadership, and more consistent physician leadership support across programs and services.

The Chief Medical Officer position now focuses primarily on physician leadership. The Chief Medical Officer works closely with the Chief Operating Officer

to lead physician engagement and involvement in operational leadership.

Revised Deputy Chief Medical Officer positions, all reporting to the Chief Medical Officer, replaced the positions of Physician Executives. Deputy Chief Medical Officers hold direct accountability for physicians and physician leaders within their service areas and bylaw accountabilities.

Deputy Chief Medical Officers were recruited through a transparent, competitive process in accordance with the Interim Practitioner Staff Bylaws.

The SHA Physician Leadership restructuring reflects the organization's continued commitment to building an integrated, patient-centred health-care system supported by effective clinical leadership. By aligning physician leadership structures with organizational priorities, the SHA is positioning the health system to better support health-care providers, improve patient outcomes, and respond more effectively to the health-care needs of Saskatchewan residents.

PATIENT AND FAMILY LEADERSHIP COUNCIL

Advancing a People-Centred Culture: PFLC Leadership in Action

The Patient and Family Leadership Council (PFLC) comprises of Patient and Family Partners (PFPs), and SHA senior leadership. The objective of the Council is to champion the advancement of people-centred care across the Saskatchewan Health Authority. Building on a strong foundation of engagement and partnership, the Council remains committed to embedding the voices of patients and families into the design, delivery, and evaluation of health-care services.

On June 4, 2025, the PFLC convened for its annual Strategic Planning session. Through meaningful dialogue and introspective SOAR (Strengths, Opportunities, Aspirations, Results) analysis, the Council reaffirmed its shared priority: to continue “Building a People-Centred Culture” across the SHA.

Patient and Family Centred care is a foundational element of this approach, ensuring that the voices, experiences, and priorities of patients and families directly inform care, while people-centred care broadens this focus to include providers, teams, and communities as partners in shaping the health system.

This work reflects the strength of partnership between patients, families, and health-system leaders. Together, the PFLC is demonstrating what it means to move beyond engagement toward true co-design, advancing a health-care system that is not only for the people of Saskatchewan, but built with them.

As planning continues, the PFLC remains grounded in its core belief: that by travelling together, we can create a more compassionate, inclusive, and people-centred health system for all.

TRADITIONAL KNOWLEDGE KEEPERS ADVISORY

Established in 2019, the Traditional Knowledge Keepers Advisory Council provides strategic guidance to the Saskatchewan Health Authority (SHA) on key organizational priorities. The Advisory's contributions are integral to advancing SHA's commitment to improving health outcomes and care experiences for First Nations and Métis people, while strengthening cultural safety and well-being for Indigenous health-care workers and physicians.

In 2025-26, the Advisory welcomed its first Inuit Knowledge Keeper, further broadening Indigenous representation and perspectives. Membership is comprised of 10 Knowledge Keepers representing the 10 Indigenous linguistic groups across Saskatchewan, alongside SHA executive leadership including the Vice President First Nations and Métis Health, the Chief Executive Officer, Chief Operating Officer, and Chief Medical Officer.

Guidance from the Traditional Knowledge Keepers Advisory Council remained central to advancing culturally responsive care across SHA. During the

year, the Advisory provided leadership and advice on key initiatives, including implementation of the Indigenous Cultural Responsiveness Policy; development of the Indigenous Hair Cutting Policy and guidance in the creation of the Our Hair, Our Spirit educational video for staff and physicians. Developed in response to incidents where Indigenous patients had their hair cut without permission, the video highlights the cultural and spiritual significance of hair in Indigenous communities and reinforces the importance of informed consent and respectful care.

The Advisory also supported efforts to enhance access to Traditional Healing and Wellness Practices, strengthen Indigenous workforce recruitment and retention, and inform the design of culturally welcoming spaces in new and renovated facilities.

Together, these initiatives promote awareness, accountability, and culturally safe practices across the organization.

SASKATCHEWAN HEALTH AUTHORITY FOUNDATION FORUM 2025

The 2025 Saskatchewan Health Authority (SHA) Foundation Forum themed *Power in Partnerships* welcomed over 140 attendees, representing 27 of Saskatchewan's Hospital and Health Foundations, SHA's Board of Directors, Executive Leadership Team, Senior Leadership Team, operational liaisons, Patient and Family Partners and representatives from the Ministry of Health and the Ministry of Sask Builds and Procurement.

The third annual SHA Foundation Forum agenda focused on the power of health-care philanthropy and the lasting impact achieved through shared purpose and partnership. Partnerships are at the heart of the remarkable accomplishments of Saskatchewan's Hospital and Health Foundations,

highlighting the lasting impact of our shared vision. With partnerships grounded in trust, shared purpose and a collective vision for a healthier province, together we transform what's possible.

By working in partnership on shared goals, we drive innovation and enhance health outcomes for patients, health-care teams, and communities across Saskatchewan. On behalf of all SHA team members, we wish to recognize and thank Saskatchewan's Hospital and Health Foundations and all of their generous donors for their steadfast dedication and commitment.

Together, we will continue to make a meaningful impact on the lives of those we serve.

EXPAND ACCESS TO PRIMARY AND PREVENTATIVE CARE

Strategy

Ensure Saskatchewan residents have timely access to primary and preventative care services by strengthening team-based care, expanding community-based programs, and improving access to screening, diagnostics, and early intervention.

Key Actions

- Expand access to primary care providers, including physicians, nurse practitioners, and allied health professionals.
- Continue to scale innovative care models such as the Virtual Physician (VP) program and community paramedicine.
- Increase access to preventative care, screening, and immunization programs.
- Expand diagnostic capacity and point-of-care testing to improve timely access to care in rural and remote communities.
- Enhance access to team-based care and community-based services closer to home.
- Leverage technology and digital tools to improve access, coordination, and continuity of care.

Throughout 2025-26, the Saskatchewan Health Authority (SHA) strengthened access to primary and preventative care by expanding community-based services, stabilizing access in rural and remote areas, investing in early detection and immunization programs, and advancing innovative, team-based models of care. These efforts support improved health outcomes, reduce pressures on emergency departments and hospitals, and improve continuity of care for Saskatchewan residents.

Virtual Physician Program: Stabilizing Rural Emergency and Primary Access

The Virtual Physician Program continued to play a critical role in maintaining access to care in rural Saskatchewan communities experiencing service disruptions. The program connects on-site nursing teams with experienced emergency physicians through secure video and phone technology, ensuring patients can be assessed, treated, and assigned to the right care provider for their unique needs, without leaving their community.

Originally launched as a pilot in five communities in 2023, the program expanded rapidly in response to challenges with rural physician availability.

By 2025-26, the Virtual Physician Program supported Arcola, Biggar, Herbert, Hudson Bay, Kelvington, Kerrobert, Kipling, Lanigan, Leader, Maple Creek, Outlook, Preeceville, Radville, Redvers, Rosetown, Wadena, Wolseley, Gravelbourg, and others.

Province-wide, 30 rural emergency departments have utilized the virtual physician model to prevent service disruptions and sustain local access to care.

The program has been particularly effective in preventing emergency department service disruptions. In 2025-26, 4,544 service disruptions were mitigated. The Virtual Physician Program provides a critical bridge to maintaining sustainable care while recruitment and retention efforts continue. In most cases, nurses remain physically present with patients while under virtual physician oversight. This ensures safe and timely care while being supported virtually.

Updated Service Disruption Reporting Process

The Saskatchewan Health Authority updated its emergency service disruption reporting process in late 2025 and again in 2026 to improve transparency, consistency, and public access to information regarding temporary emergency room and emergency service disruptions across the province.

Key updates to the process include:

- All emergency service disruptions are now publicly reported, regardless of duration. Previously, only disruptions lasting seven days or longer were posted publicly.
- Emergency service disruptions are posted on the SHA website in a centralized, publicly accessible format, including an alphabetical listing of affected facilities and links to individual facility pages.
- Beginning November 10, 2025, updates were provided daily at 4 p.m., seven days a week.
- Service disruption information is also communicated through on-site signage at affected facilities and through HealthLine 811, which provides real-time guidance regarding service availability and health-care navigation support.
- The SHA also implemented internal process improvements to support more accurate and timely reporting by local operational teams.

The updated reporting process was introduced in response to concerns from patients, communities, and stakeholders regarding timely access to information about emergency service availability, particularly in rural and remote communities.

The SHA and Government of Saskatchewan have indicated that additional work continues toward

developing a more user-friendly system capable of providing real-time public updates in the future.

Expanding Preventative Care and Early Detection

Preventative care investments during the fiscal year focused on protecting vulnerable populations, expanding screening capacity, and reducing avoidable illness and hospitalization.

RSV Immunization Expansion for Infants

A new single-dose immunization, *Nirsevimab/Beyfortus*, provides infants with full-season protection against Respiratory Syncytial Virus (RSV).

In May 2025, Saskatchewan expanded its Respiratory Syncytial Virus immunization program to proactively include all infants born one month before and during RSV season (October 1 to March 31). This replaces the previous high-risk-only eligibility model.

Clinical evidence shows RSV immunization can result in up to an 80 per cent reduction in RSV-related physician visits and hospitalizations among infants.

From November 2024 to March 2025, Saskatchewan recorded over 200 RSV-related infant hospitalizations across major urban centres, underscoring the importance of prevention.

This program improves health outcomes for young children, while reducing seasonal pressures on emergency departments and pediatric inpatient capacity.

Breast Cancer Screening Capacity Expansion

The Saskatchewan program for breast screening is run in partnership with the Saskatchewan Cancer Agency. Breast cancer screening capacity increased significantly with investments in fixed-site and mobile screening infrastructure:

- Two new digital mammography machines were added at SHA breast screening sites in Regina and Saskatoon, increasing daily screening volumes and supporting expanded age-based eligibility.
- Saskatchewan also launched a second mobile mammography unit in early 2026, doubling mobile screening capacity for rural and northern communities.

Two mobile screening units provide the following:

- 42 rural and northern communities are visited annually.
- Approximately 75 per cent of breast cancers detected through screening are identified at an early stage, when the likelihood of successful treatment outcomes is higher.

These investments in care delivery bring lifesaving screening, health equity and timely access to care, closer to home. The Cancer Foundation of Saskatchewan funded the additional mammography machines and the mobile mammography unit.

Patient Medical Homes

Between April 1, 2025, and March 31, 2026, Patient Medical Homes continued to be positioned as a key mechanism for strengthening primary care access and coordination in Saskatchewan. This aligns services across the province, so residents receive timely, coordinated care regardless of location.

These investments aim to improve patient attachment to a regular provider, increase access to appointments, and deliver more coordinated, interdisciplinary services, the key intended outcomes of the Patient Medical Homes model. Evidence from ongoing 2025 pilot and evaluation work,

including the Swift Current Patient Medical Home initiative, highlights practical implementation efforts such as integrating nurses into physician practices and studying impacts on patient access, provider workload, and care quality.

Point-of-Care Testing: Faster Diagnosis, Closer to Home

Point-of-care testing continued to expand across rural and remote Saskatchewan, enabling faster diagnosis and treatment while reducing unnecessary patient travel.

In 2025–2026, point-of-care testing was expanded to three additional rural emergency departments—Herbert, Shellbrook, and Watrous—building on existing services in Assiniboia, Kamsack, Kipling, Leader, Maple Creek, Rosthern, Shaunavon, and Wynyard.

These additions build on an established provincial network that improves diagnostic turnaround times and supports timely clinical decision-making in low-volume settings. Point-of-care testing enhances patient experience and supports safer care, particularly where access to full laboratory services is limited.

Strengthening Access to Primary Care Services

The SHA continued to enhance access to team-based primary care throughout Saskatchewan, furthering a provincial objective of connecting everyone to a primary care provider (physician or nurse practitioner), by the end of 2028.

Approximately one in six Saskatchewan residents (about 200,000 people) surveyed most recently state that they do not have a regular primary care provider, reinforcing the importance of expanded access and innovative care models.

Achievements this year include:

- Assumed operation of the Outlook Medical Clinic, ensuring continuity of primary care services and stabilizing access for residents.
- Expanded online patient self-booking for laboratory services in Melville and Esterhazy, improving access, reducing wait times, and supporting better patient flow.
- SHA continued to integrate team-based care models, supporting collaboration among physicians, nursing staff, and allied health professionals, improving access, continuity of care, and patient experience.

Innovative Approaches to Care Delivery

Innovative, community-based models continued to expand access and improve efficiency across the system.

A pharmacist-led pilot allowing assessment and treatment of strep throat and ear infections demonstrated strong early results:

- Launched in 2025, the pilot delivered over 3,100 patient assessments throughout Saskatchewan.
- Nearly 53 per cent of assessed patients did not require a prescription, demonstrating appropriate clinical triage and reduced pressure on physicians and emergency departments.
- More than 140 pharmacists were trained to provide the service across 46 pharmacy locations, many in rural and regional communities.

This pilot illustrates how expanded scope of practice can improve access to timely care for common conditions, while also delivering efficient, patient-centred care.

Improving Care Experience and System Integration

Across all initiatives, the SHA focused on improving continuity, patient navigation, and culturally safe care by:

- Leveraging digital and virtual care solutions to expand access in rural and remote communities
- Supporting care delivery in new settings, such as pharmacies and virtual platforms
- Enhancing community-based and team-based models that match patients with the most appropriate provider for their needs

Building Healthier Communities

Through sustained investment in primary and preventative care, the Saskatchewan Health Authority is improving access to timely services, strengthening early detection and prevention, and supporting healthier communities across the province. These efforts reduce unnecessary hospital use, improve patient experience, and ensure Saskatchewan residents receive the right care, at the right time, and as close to home as possible.

INCREASE ACCESS TO ACUTE CARE AND EMERGENCY

Strategy

Ensure patients have timely access to reliable, high-quality emergency and acute care services by reducing wait times, expanding capacity, improving diagnostics, and implementing innovative approaches that enhance patient experience and outcomes across Saskatchewan.

Key Actions

- Increase surgical capacity and reduce backlogs through process improvements and provider recruitment.
- Expand access to medical imaging and diagnostics, including CT, MRI, mobile imaging, and digital technologies such as digital radiography (DR) system upgrades at rural and regional sites, advanced diagnostic imaging platforms, teleradiology, and clinical decision support tools that connect referring clinicians with the right imaging pathway at the point of care.
- Advance strategic emergency and acute care infrastructure projects to address capacity pressures.
- Implement innovative clinical programs to improve patient flow, safety, and continuity of care.
- Enhance access to specialized care and new models of service delivery, including cardiac interventions and genomics-based testing.
- Support and expand rural access to emergency services through technology and partnerships.
- Expanded acute care capacity at Saskatoon City Hospital with 40 of 109 new beds open.

Throughout 2025-26, the Saskatchewan Health Authority (SHA) advanced meaningful actions that increased access to acute care and emergency services across the province, strengthened system capacity, and improved patient outcomes.

Reducing Wait Times and Increasing Surgical and Imaging Capacity

- Surgical volumes continued to rise, with 102,633 surgeries and procedures performed — the highest annual total on record. This marks the second consecutive year of surgical volumes exceeding 100,000 procedures. Surgical volumes in 2025-26 increased by more than 2,100 procedures compared to the previous year.
- The total surgical waitlist decreased by approximately two per cent (525 cases) over the past year. Focused efforts on longest-waiting patients reduced those waiting more than 24 months by 18 per cent, with only 69 patients remaining in this category as of March 31, 2026.

- Cancer surgeries also increased by four per cent, with 6,171 procedures performed, and 91 per cent of patients offered surgery within three weeks of clinical targets.
- The SHA exceeded imaging capacity goals, performing MRI scans on 46,721 patients and CT scans on 175,734 patients during the year.
- At Royal University Hospital (RUH), two outdated x-ray suites were upgraded with state-of-the-art digital technology — thanks to a \$1 million donation from BHP to the RUH Foundation — improving image quality, speed, and safety. The department performs approximately 81,000 exams annually.

Advancing Specialized Care and Clinical Innovation

- Laparoscopic towers were installed at Battlefords Union Hospital through the support of the Battlefords Healthcare Foundation, enhancing access to minimally invasive surgery and improving patient recovery times.
- A new pharmacogenomic dihydropyrimidine dehydrogenase (DPYD) testing program was launched in collaboration with the Government of Saskatchewan and Saskatchewan Cancer Agency. Now offered locally at the RUH Pharmacogenomic Lab with results in as little as two days, this testing allows personalized chemotherapy treatment planning for patients at risk of severe side effects. The SHA piloted an emergency medical services triage system in Regina and Saskatoon that uses trained nurses and software support to direct nonurgent calls to appropriate care pathways, helping improve patient flow and reduce ambulance offload delays.
- Saskatoon Emergency Departments, in collaboration with North York Hospital in Ontario, implemented a new evidence-based model of care that has improved triage efficiency, reduced wait times for the higher acuity patients, and reduced ambulance offload delays.

Infrastructure and Capacity Expansion

Construction of the Regina Breast Health Centre was completed and opened to the public in April 2025. The centre co-locates diagnostic imaging, consultations, biopsies, pre- and post-surgical care, and rehabilitation services, improving care coordination and patient experience.

The SHA advanced planning to increase adult ICU capacity at RUH, with two Requests for Proposals issued in September 2025 for design work to renovate 19 existing and seven additional ICU beds — building on three beds added earlier under the Saskatoon Capacity Pressure Action Plan.

The SHA continues to work on the addition of 109 acute care beds at Saskatoon City Hospital (SCH)

with the \$30 million provincial investment. This implementation will add 22 acute rehabilitation beds, 12 acquired brain injury beds, 60 inpatient general medicine beds, and 15 high acuity beds over the next year.

Of the 60 general medicine beds, 40 are now open, immediately helping to address capacity pressures. This expansion is supported by the hiring of 500 staff and physicians, space renovations and the transition of existing SHA programs into the community to accommodate the required space for the 109 beds.

Already, the project has transitioned 60 sub-acute beds to the community and the Surgical Pre-Assessment clinic, Surgical Scheduling and the Geriatric Outpatient clinics have been relocated to new community spaces which will support improved access to these services.

Rural and Patient Centred Innovations

- Rural and northern communities benefited from expanded access through the Virtual Physician program, which continued to support emergency departments when onsite physician coverage was unavailable, helping keep rural ERs open and accessible.
- Additional rural diagnostic and point-of-care testing initiatives improved emergency care access and reduced unnecessary travel. (Provincial point-of-care testing expansions were introduced in three additional rural emergency departments in 2025 — further enhancing rapid onsite diagnostics.)
- To support patient wellness and reduce environmental impact, 24 aeroponic towers were installed on the roof of RUH; more than 130 pounds of pesticide-free produce was harvested, supporting food-related health initiatives.
- The SHA also introduced a robotic system for custom prosthetics, reducing the time from assessment to fitting by more than 50 per cent, improving mobility and quality of life for clients.

Saskatoon and Regina Capacity Pressure Action Plans

The Saskatchewan Health Authority (SHA) continued to advance the Saskatoon Capacity Pressure Action Plan (SCPAP) and Regina Capacity Pressure Action Plan (RCPAP) in 2025-26, building on earlier progress to address ongoing system pressures and improve patient flow across acute care settings.

- Following the completion of the Saskatoon acute care site master planning in 2025-26, a preliminary understanding of possible future needs for clinical services and programs was identified. This includes broad, indicative considerations of potential service volumes and space requirements looking toward 2040. The site master plans are intended to offer general guidance for longer-term planning and to support a phased approach to redevelopment as needs continue to evolve. Completion of the recommended Regina acute care master planning in 2026-27 would similarly help inform future planning considerations related to service capacity in Regina hospitals.
- Continued improvements in patient flow and transitions of care—such as enhanced discharge planning and expanded access to community-based supports—reduced the number of patients waiting in hospital for appropriate next-level care, improving bed availability and access to acute services.
- Ongoing recruitment and integration of health-care providers supported the expansion of services and increased capacity across both Saskatoon and Regina.

The Saskatchewan Health Authority continues to build on these advances by implementing innovative solutions, expanding capacity, and enhancing patient centred care models to ensure all residents have access to timely, high-quality emergency and acute care services now and into the future.

Strengthening Safety and Security in Acute Care Facilities

The Saskatchewan Health Authority (SHA) implemented enhanced safety and security measures in targeted acute care facilities through the phased introduction of metal detection systems at some hospital and emergency department entrances. The initiative was undertaken in response to increasing incidents of violence, threats, and weapons entering health-care facilities, reflecting a growing concern experienced by health systems across Canada.

The introduction of metal detectors supports the SHA's commitment to providing safe, secure, and respectful environments for patients, visitors, physicians, staff, and volunteers. Guided by the SHA CARES values, particularly safety, compassion, and respect, the initiative focused on strengthening protection measures while maintaining patient-centred and trauma-informed approaches to care delivery.

Following a successful pilot at the shared emergency department entrance at Royal University Hospital and Jim Pattison Children's Hospital, additional metal detectors were deployed to targeted urban emergency departments and acute care facilities in Saskatchewan. By February 2026, metal detection systems were operational at emergency department entrances in Saskatoon and Regina, as well as at the main entrances of several additional acute care sites. Facilities where metal detectors were implemented during 2025-26 included:

- Royal University Hospital / Jim Pattison Children's Hospital (shared emergency department entrance in Saskatoon)
- St. Paul's Hospital (Saskatoon)
- Saskatoon City Hospital
- Regina General Hospital
- Pasqua Hospital (Regina)
- Regina Urgent Care Centre
- Victoria Hospital (Prince Albert)
- Battlefords Union Hospital (North Battleford)

To support the implementation and operation of the new screening processes, the SHA added the equivalent of 51 full-time Protective Services positions to provide around-the-clock staffing and support consistent operations at screening locations. Protective Services Officers work alongside health-care teams to help prevent weapons and prohibited items from entering facilities while assisting patients and visitors respectfully and professionally.

The initiative reflects the SHA's continued commitment to improving workplace safety, supporting health-care workers, and fostering environments where safe, high-quality care can be delivered. The organization will continue to work with the Ministry of Health and system partners to strengthen hospital safety and security measures across Saskatchewan.

Room Service Model

At Jim Pattison Children's Hospital, the "Room Service Model" refers to an innovative patient meal service approach called Ready Set Eat. Instead of patients receiving meals at fixed times with preset trays, patients and families can order meals more flexibly based on when they want to eat and what they prefer to eat. Meals are freshly prepared and designed to support nutrition, comfort, healing, and patient choice.

The model was introduced for pediatric and maternal patients and focuses on:

- Patient- and family-centred care
- Flexible meal timing
- Greater food choice
- Local, seasonal, and culturally responsive menu options
- Improving patient experience and recovery
For example, instead of receiving breakfast at a standard hospital delivery time, a child recovering overnight or a new mother after delivery can order food when they are ready to eat. The goal is to create a more comfortable, home-like experience while also improving nutritional intake and reducing food waste.

This approach aligns with the Saskatchewan Health Authority's patient-centred care priorities and CARES values by giving patients and families more involvement in decisions affecting their care experience. The program at JPCH was supported through funding from the Jim Pattison Children's Hospital Foundation and the Thistledown Foundation.

Advancing Precision Neurosurgery Through Stereotactic Surgery Innovation

During 2025-26, the Saskatchewan Health Authority continued to advance specialized neurosurgical care through the introduction of stereotactic robotic surgery technology at Royal University Hospital. In March 2026, the province achieved a significant

milestone with the successful completion of Saskatchewan's first stereotactic robotic epilepsy surgery using the newly installed ROSA (Robotic Stereotactic Assistance) system. Innovative technology supports highly precise, minimally invasive neurosurgical procedures designed to improve accuracy, reduce recovery times, and enhance patient outcomes for individuals living with complex neurological conditions.

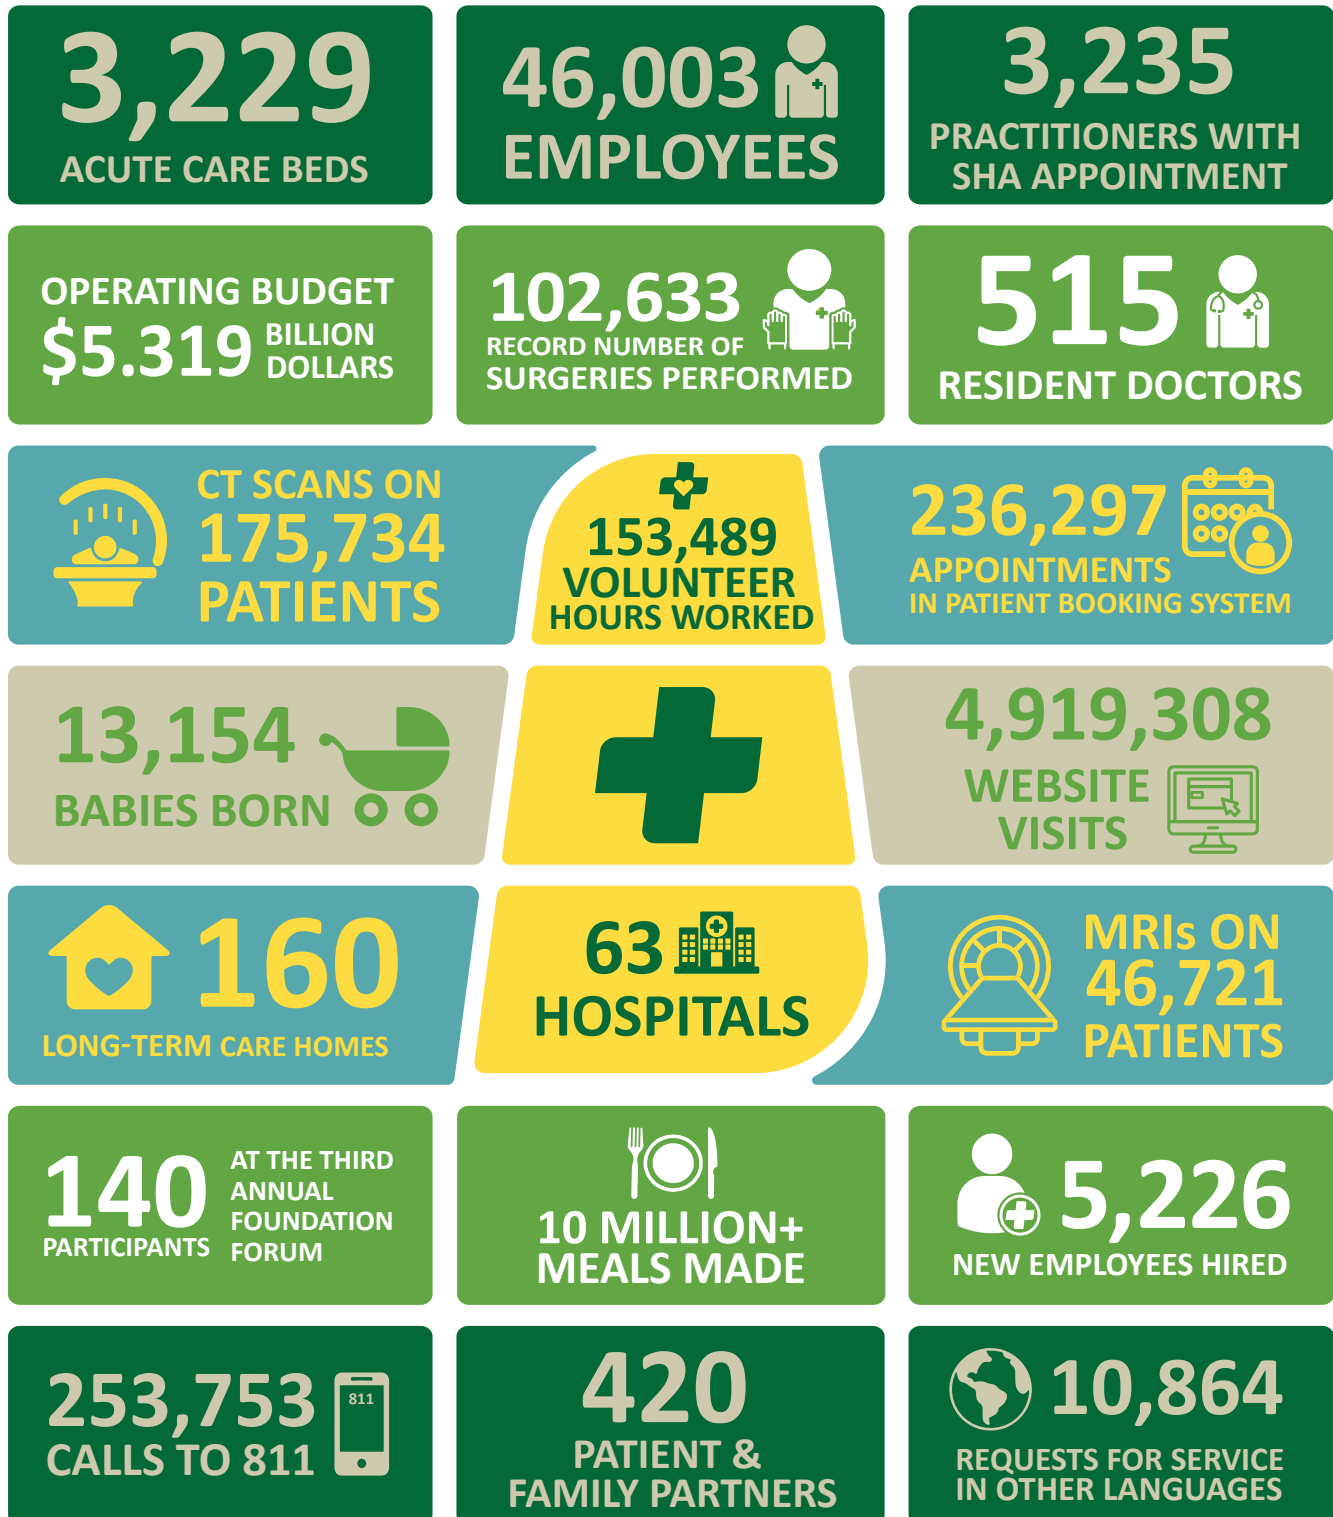

The addition of stereotactic robotic technology reflects the SHA's commitment to innovation, patient-centred care, and improving access to specialized services closer to home for Saskatchewan residents. The ROSA system assists neurosurgical teams with advanced surgical planning and precision targeting during procedures for epilepsy and other neurological disorders. For patients and families, this advancement means access to safer and more efficient surgical options within the province, reducing the need for out-of-province referrals and supporting continuity of care within Saskatchewan's health-care system.

This milestone was made possible through strong collaboration between health-care teams, the Royal University Hospital Foundation, donors, and provincial partners. The introduction of this technology demonstrates the continued dedication of physicians, surgical teams, and health-care staff to advancing specialized care and ensuring Saskatchewan patients have access to modern, high-quality treatment options.

The advancement of stereotactic surgery services aligns with the broader provincial focus on delivering the right care, in the right place, at the right time. By investing in innovative technologies and strengthening specialized surgical capacity, the SHA continues to enhance health-care delivery and improve outcomes for patients requiring advanced neurological care across Saskatchewan.

SHA FACTS AND FIGURES

All figures are annual and current as of March 31, 2026 unless otherwise noted.

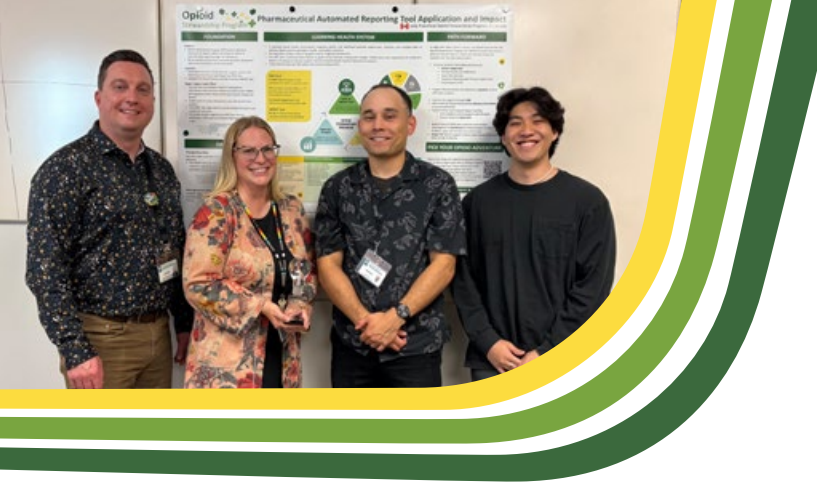

GROW AND SUPPORT HEALTH HUMAN RESOURCES

Strategy

Ensure a sustainable, skilled, and representative health-care workforce so that patients and families receive the right care, from the right provider, in the right place and at the right time across Saskatchewan.

Key Actions

- Continuing implementation of the provincial Health Human Resources (HHR) Action Plan.
- Strengthening rural and remote workforce stabilization by expanding recruitment and retention strategies, targeted campaigns by specialty, increasing permanent full-time positions, enhancing incentive programs, optimizing scope of practice, and improving access to training, clinical supports, and team-based care models.
- Developing new physician incentive programs aligned to priority communities and hard-to-recruit specialties.
- Increasing training capacity across health professions.
- Supporting pathways for internationally educated health professionals, including streamlined assessment, licensure navigation and supervised practice pathways for physicians.
- Optimizing workforce utilization through standardized staffing models and full scope of practice.
- Strengthening early workforce pipelines through student employment models, clinical placements, and secondary/post-secondary partnerships.
- Stabilizing of rural and remote physician coverage through expanded use of virtual emergency medicine and modernized locum compensation.
- Reducing reliance on contract staffing and improve workforce sustainability.
- Implementing strategies to reduce overtime and improve staffing efficiency.
- Strengthening transition-to-practice supports and early workforce pipelines.
- Advancing Indigenous recruitment, retention, and workforce inclusion.
- Strengthening workforce retention by enhancing support, expanding advancement opportunities, developing leadership capacity, and improving work environments.
- Expanding and integrating new provider roles by optimizing the use of nurse practitioners, physician assistants, and other team-based care models.
- Strengthening data-driven workforce planning, reporting, and accountability.
- Promoting health careers and future workforce pathways.

Advancing a Sustainable Health-Care Workforce

Throughout the 2025-26 fiscal year, the Saskatchewan Health Authority (SHA) advanced a comprehensive, system-wide approach to strengthening and sustaining the provincial health-care workforce. Guided by the SHA CARES values and aligned with the Ministry of Health's Patients First Health Care Plan, efforts focused on ensuring Saskatchewan residents receive the right care, in the right place, at the right time through a stable, skilled, and supported workforce.

Expanding Recruitment and Workforce Growth

Building on the momentum of the provincial Health Human Resources (HHR) Action Plan, the SHA continued to focus on targeted recruitment, expanded training capacity, workforce stabilization, and enhanced retention initiatives across the province.

Recruitment efforts were significantly expanded through coordinated provincial and international campaigns, streamlined hiring approaches, and targeted outreach to priority professions in partnership with the Saskatchewan Healthcare Recruitment Agency. In April 2025, Saskatchewan launched a physician recruitment campaign in the United States, highlighting opportunities to practice within a publicly funded, collaborative health system that values team-based care and professional growth. This was followed by the broader Saskatchewan is Calling campaign, promoting Saskatchewan as a destination of choice by emphasizing professional opportunities, supportive teams, and quality of life across urban, rural, and northern communities.

Collectively, recruitment and hiring initiatives contributed to measurable workforce growth, including:

- More than 1,000 health-care professionals recruited across SHA priority occupations, including physicians, nurses, allied health professionals, and support staff
- Sustained net increases in regulated nursing staff year-over-year supported by targeted hiring and return-to-work initiatives
- Expanded participation in recruitment campaigns and events across Canada, the United States, the United Kingdom, and Ireland

Strengthening Physician Workforce Stability

Physician workforce stabilization remained a key priority in advancing Patients First principles and ensuring continuity of care across Saskatchewan communities. Physician incentive programs continued to support recruitment, retention, and service coverage in rural and high-demand areas through initiatives such as the Rural Physician Incentive Program for Family Physicians, targeted specialty recruitment and retention incentives, and high-demand residency incentives.

These initiatives supported coverage across dozens of rural and northern communities and helped strengthen recruitment in priority specialties including emergency medicine, psychiatry, and anesthesia.

Supporting Rural and Remote Workforce Stabilization

Rural and remote workforce stabilization remained a critical focus throughout the year, reflecting the SHA's commitment to equitable access to care. The Rural and Remote Recruitment Incentive Program continued to expand, increasing both the number of eligible communities and available financial supports for new hires.

In July 2025, additional new and enhanced positions were announced for rural and northern communities, strengthening workforce stability and continuity of care in areas historically impacted by staffing challenges. These efforts were further supported by the implementation of continuous 24/7/365 clinical nursing support models across rural Saskatchewan, ensuring care teams had access to consistent expertise and guidance.

Additional stabilization initiatives, including expanded full-time opportunities, enhanced clinical supports, increased access to distributed learning, and targeted workforce incentives, contributed to reductions in service disruptions and improved access to care closer to home.

Growing and Supporting the Nursing Workforce

Progress also continued in strengthening Saskatchewan's nursing workforce through targeted recruitment, expanded education capacity, and enhanced retention supports. Saskatchewan maintained a nurse-to-population ratio above the national average, reflecting sustained investments in workforce growth and stabilization.

Additional indicators of progress included:

- Year-over-year increases in hiring of new graduate nurses
- Reductions in nursing vacancy rates, particularly in rural and northern communities
- Expanded transition-to-practice and mentorship programs supporting early-career nurses

Together, these initiatives strengthened workforce stability while supporting safe staffing levels and improved patient care experiences across the province.

Expanding Education, Training, and Workforce Development

Education and training remained central to building a sustainable workforce pipeline. In September 2025, new rural residency positions were announced in northeast Saskatchewan, including placements in Melfort and Nipawin. These distributed learning opportunities allow medical residents to train closer to communities where physicians are most needed and increase the likelihood they will establish long-term practices in those communities.

Additional investments increased clinical placement capacity across nursing, allied health, and continuing care programs while strengthening transition-to-practice supports for new graduates entering the workforce.

Advancing Team-Based Care Through Emerging Health-Care Roles

The SHA continued to advance emerging health-care provider roles to improve access to care and support team-based service delivery. Recognition of National Physician Assistant Day in November 2025 highlighted the growing role physician assistants (PAs) play in supporting physicians and improving patient access to care.

Saskatchewan currently has five physician assistants practicing within the province, with additional candidates progressing through licensure pathways and new graduates expected to enter practice in 2026. Planning is underway to support graduates from the University of Saskatchewan's Master of Physician Assistant Studies program through early clinical placements and transition-to-practice supports.

Nurse practitioners (NPs) also played an increasingly important role in improving timely access to primary care services. In November 2025, 19 new nurse practitioner primary care contracts were signed with the Saskatchewan Ministry of Health, with additional contracts announced in March 2026. These contracts support NPs in delivering publicly funded primary care services, particularly in communities where access to a family physician may be limited.

At the same time, work continued to optimize NP scope of practice across Saskatchewan, including implementation in continuing care and expansion into additional care settings under a comprehensive provincial integration strategy.

Supporting Internationally Educated Health Professionals

Saskatchewan also continued strengthening pathways for internationally educated health professionals (IEHPs) through credential recognition, bridging education, and workforce integration supports. These initiatives support ongoing annual intake of internationally educated professionals into assessment and bridging pathways while improving access to licensure and practice opportunities.

In addition to addressing workforce shortages, these efforts contribute to a more diverse and culturally responsive workforce aligned with SHA CARES values of Compassion, Accountability, Respect, Equity and Safety.

Advancing Indigenous Workforce Representation

Strengthening Indigenous workforce representation remained a key priority in 2025-26. The SHA continues working toward its long-term target of a workforce where at least 15 per cent of staff self-identify as Indigenous, reflecting Saskatchewan's working-age population.

Progress indicators in 2025-26 included:

- Increase in Indigenous staff self-identification from 5.08 per cent to 5.35 per cent
- Improved Indigenous representation at manager and director levels
- Declining turnover rates among Indigenous employees

Strong long-term retention, with many Indigenous employees having more than 10 years of service.

Expanding Indigenous Recruitment Pathways and Community Engagement

The Indigenous Workforce Development team and Workforce Planning engaged Indigenous talent at 90 career-focused events throughout 2025-26 to strengthen recruitment pathways and community engagement.

Building Inclusive and Supportive Workplaces

The SHA continued advancing initiatives to foster inclusive and supportive workplaces for Indigenous employees. Key initiatives included:

- Launch and expansion of the Indigenous Employee Network
- Ongoing Indigenous self-identification awareness initiatives
- Development of the Indigenous Staff Experience Survey
- Planning for the Indigenous Talent Pool and Indigenous Talent Strategy Advisory Circle to support future workforce development and leadership planning

Together, these initiatives are strengthening Indigenous workforce representation, supporting culturally responsive care, and advancing reconciliation within Saskatchewan's health system.

Leadership Development and Workforce Engagement

Leadership development and workforce engagement remained central to retention, workplace culture, and system transformation efforts. The appointment of new senior physician leaders strengthened clinical governance and supported coordinated system-wide change.

Leadership development initiatives also expanded through enhanced manager orientation, leadership pathways, and workforce engagement mechanisms including exit interviews, staff feedback tools, and ongoing engagement initiatives. Progress also continued in strengthening Indigenous workforce engagement, promoting self-identification initiatives, and supporting employee resource networks to foster inclusive and respectful work environments.

Building the Future Workforce

Building the future health-care workforce remained a long-term priority throughout 2025-26. Career exploration initiatives, including job shadowing opportunities, career fairs, and youth volunteer programs, provided students with hands-on exposure to health professions and meaningful connections with SHA staff and teams.

In March 2026, Saskatchewan launched Health Careers 20L, a new high school course developed with key partners to provide students with early exposure to a wide range of health-care careers and support informed education and career decisions.

These efforts are strengthening early workforce pipelines and supporting long-term workforce sustainability across Saskatchewan.

Recognizing and Supporting Health-Care Workers

Recognition of health-care workers also remained an important component of workforce engagement and retention, formally recognizing the dedication and contributions of health-care workers across disciplines for their commitment to delivering safe, high-quality care to residents throughout the province.

This work was complemented by expanded leadership development, mentorship opportunities, career advancement supports, and initiatives focused on fostering positive, inclusive, and supportive workplaces.

Continued Progress in Workforce Sustainability

Overall, the 2025-26 fiscal year reflects continued progress in strengthening Saskatchewan's health-care workforce through targeted recruitment, expanded training capacity, enhanced incentives, leadership development, and sustained workforce supports.

Guided by SHA CARES values and Patients First priorities, these initiatives continue to improve access to care for patients and families while supporting a resilient, skilled, and engaged workforce across Saskatchewan.

IMPROVE INDIGENOUS HEALTH

The Saskatchewan Health Authority (SHA) is committed to improving health experiences and outcomes for First Nations and Métis peoples by embedding reconciliation, cultural safety, and equity into how care is planned, delivered, and experienced across the health system. In 2025-26, this commitment continued to move from intention to coordinated, measurable action.

Strategy

Advance reconciliation and health equity by embedding cultural safety, Indigenous led practices, and respectful relationships into everyday care to improve health outcomes for Indigenous Peoples across Saskatchewan.

Key Actions

- Embedded cultural safety into everyday care by implementing Indigenous-led policies including the Indigenous Hair Cutting Policy to safeguard respect for Indigenous spiritual, cultural, and identity within care settings.
- Advanced access to Traditional Wellness and Healing Practices within SHA facilities, through establishing appropriate governance and planning implementation with Indigenous partners.
- Strengthened Indigenous leadership and partnership in decision making through advisory councils, patient and family partnerships, and community driven planning tables.
- Advanced culturally responsive environments by incorporating Indigenous healing spaces into capital projects and renovations.
- Continued development of a culturally safe, skilled workforce through mandatory cultural responsiveness training, systemic and Indigenous-specific anti-racism education, and strengthened recruitment and retention of Indigenous employees.
- Improved accountability through collaborating with Indigenous partners to develop an action plan and measurement framework to monitor and report on progress toward Truth and Reconciliation commitments.

These actions support provincial priorities and reflect SHA's responsibility to deliver equitable, respectful, and culturally safe care for Indigenous peoples across Saskatchewan.

We commit to continuing to find effective ways of implementing the Calls to Action outlined by the Truth and Reconciliation Commission of Canada, June 2015 that are related to health care.

The Saskatchewan Health Authority (SHA) continues to advance its commitment to Truth and Reconciliation by moving from intention to coordinated, system-wide action focused on improving health outcomes and care experiences for First Nations and Métis peoples.

In 2025-26, SHA collaborated with Indigenous partners to develop a multi-year Truth and Reconciliation Action Plan and accompanying measurement framework. The plan will define system-wide actions, with implementation, monitoring and reporting supported through the SHA Truth and Reconciliation Steering Committee. Implementation resources include a Knowledge to Practice Guide and expanded learning opportunities for SHA leaders, staff and physicians.

In the spirit of ongoing reconciliation, SHA staff and physicians are demonstrating their commitment year-round by wearing orange on the last Friday of every month. An SHA-specific, orange shirt designed by a local First Nations artist has been available for purchase through the online SHA store. As of March 31, 2026, over 700 shirts were sold, resulting in over \$8,000 being donated to the Orange Shirt Society. This visible gesture acknowledges the truths of our shared history, the lasting impacts of colonialism, and SHA's solidarity with Indigenous communities.

Guidance from the Traditional Knowledge Keepers Advisory Council remains central. This past year, the Council provided leadership on key initiatives, including the Indigenous Cultural Responsiveness Policy, Indigenous Hair Cutting Policy, access to Traditional Wellness and Healing Practices, and Indigenous workforce recruitment and retention.

Indigenous Patient and Family Partners continue to play a critical role in shaping culturally appropriate welcoming spaces, relationship building, and people centred care practices. In 2025-26, Indigenous Patient and Family Partners represented 36 per cent of the members of the Patient and Family Leadership Council.

SHA also strengthened collaborative planning through the establishment of an Indigenous Health Partner Roundtable composed of Indigenous health leaders. The Roundtable is identifying shared priorities for action, supporting authentic partnerships for service planning and delivery.

We commit to supporting and acknowledging the wholistic worldviews, knowledge and practices of First Nations and Métis peoples' health and well-being by improving access to traditional medicine alongside existing healthcare practices.

SHA continues to advance the integration of Traditional Wellness and Healing Practices (TWHP) through the development of a comprehensive framework and phased implementation plan. In 2025-26, an operational oversight structure was established, a scan of national and provincial initiatives was completed, and a Medicine Keeper and Knowledge Keeper Network were developed. Miniconferences hosted across the province supported shared learning and relationship building among staff, physicians, Knowledge Keepers, and community members.

In 2026–27, SHA will launch the TWHP Framework and Phase I implementation, supporting bedside care planning, clear discharge pathways, and defined

interpretation and translation processes. A pilot site will be established at Prince Albert Victoria Hospital in partnership with the Prince Albert Grand Council.

Culturally respectful healing environments are also being incorporated into major capital projects, including Prince Albert Victoria Hospital, La Ronge Long-Term Care, Regina Specialized Long-Term Care, and St. Paul's Hospital front entrance renovation. A unique partnership with Ahtahkakoop Cree Developments will see the Saskatoon Urgent Care Centre built and owned by an Indigenous partner, with SHA delivering care in the space. Other initiatives include rebuilding the Poundmaker Lodge in North Battleford and incorporating First Nations healing centres into new facilities such as the La Ronge long-term care home. These projects reflect SHA's commitment to care environments that support healing, dignity, and cultural connection.

The Nutrition and Food Services department continues to expand offerings of Indigenous-inspired foods across SHA facilities. In 2025-26, Indigenous inspired foods were featured at multiple sites, including a Duck Soup offering that received a strong and positive public response. Leaders in the department are completing Food Is Our Medicine, a learning program focused on culturally mindful nutrition. The department's work has received national recognition.

We commit to honouring all First Nations and Métis people in our health system by creating an inclusive culture grounded in our values of Compassion, Accountability, Respect, Equity and Safety and a commitment to a philosophy of Patient and Family Centred Care.

The First Nations and Métis Health Services team plays a key role in delivering culturally informed care that integrates Traditional Wellness and Healing Practices alongside Western medicine. By embedding Cultural Support Workers and Health Educators in acute care settings, SHA continues

to improve access to culturally responsive services and enhance patient experiences.

Since 2019, Indigenous Birth Support Workers have supported First Nations, Métis, and Inuit families at the Jim Pattison Children's Hospital Maternal Care Centre. Families are supported to incorporate cultural practices—such as teachings on moss bags and belly button pouches—into their care, supporting holistic and respectful birthing experiences.

Indigenous Patient and Family Partners continue to inform system improvements across SHA. A key highlight in 2025 was the Regina General Hospital Courtyard Renewal Project, completed through close partnership with Indigenous Patient and Family Partners and First Nations and Métis Health. The space now features murals by Indigenous artists and was unveiled through ceremony, reflecting the importance of healing environments shaped by Indigenous voices.

We commit to increasing cultural responsiveness, cultural safety and anti-Indigenous racism training opportunities for all Saskatchewan Health Authority employees.

SHA launched mandatory, interactive Cultural Responsiveness training in January 2024, achieving a 90 per cent completion rate by the end of 2025. In 2026, the indicator transitioned to new employee participation, with 97 per cent completion as of March 31, 2026. During 2025-26, five Foundations of Anti-Racism sessions addressed systemic and Indigenous-specific racism. Expanded access will be supported through a train-the-trainer model and an online module beginning in 2026-27.

To further support cultural safety, SHA began work to strengthen safe, transparent reporting pathways for incidents of racism. Engagement with staff and Indigenous Patient and Family Partners highlighted the need for clear, confidential, and accessible processes. Feedback gathered will inform policy development and specialized training for staff responsible for incident investigation.

We commit to retaining and increasing the number of First Nations and Métis employees within the Saskatchewan Health Authority.

Work to strengthen First Nations and Métis recruitment and retention continues. Our target is to grow and sustain a workforce where at least 15 per cent of our staff self-identify as Indigenous.

Overall, Indigenous representation in SHA's workforce has stayed relatively stable at approximately 5 per cent, but is showing positive trends in this and other indicators including:

- Improving representation at the manager and director level,
- A meaningful decline in Indigenous turnover, and
- Strong long-term retention with most Indigenous employees having 10 or more years of service.

Self-identified Indigenous Staff

	2023-24	2024-25	2025-26
Saskatchewan working age population that self-identify as Indigenous*	15.2%	15.2%	15.2%
	5.07%	5.08%	5.35%

* Informed by Statistics Canada's 2021 Census of Population and prepared with the assistance of the Saskatchewan Bureau of Statistics. These targets are subject to change as new data becomes available.

The First Nation and Métis Retention and Recruitment strategy is a long-term initiative. The Indigenous Workforce Development team and Workforce Planning have engaged Indigenous talent at 90 career focused events throughout 2025-26.

LEVERAGE INFRASTRUCTURE, TECHNOLOGY AND INNOVATION TO SUPPORT BETTER CARE

Strategy

Leverage infrastructure, technology, and innovation to support safe, high-quality, and patient-centred care environments that meet the needs of Saskatchewan's growing and diverse population.

Key Actions

- Improve patient flow and tailor care delivery options by opening new, or enhancing existing health-care facilities:
 - St. Paul's Hospital front entrance
 - Lloydminster Renal Dialysis project
- Advance construction of major capital projects across Saskatchewan, including hospitals, urgent care centres, and long-term care (LTC) homes, to increase capacity and modernize care environments:
 - Prince Albert Victoria Hospital
 - Saskatoon Urgent Care Centre
 - Weyburn General Hospital
 - Grenfell Long-Term Care (LTC)
 - La Ronge LTC
 - Regina Specialized LTC
- Continue planning activities to support future major capital projects. Some examples include:
 - Battleford District Care Centre
 - Esterhazy Health Centre
 - Rosthern Hospital
 - Yorkton Regional Health Centre
- Progress LTC infrastructure to meet growing demand, including the development of new homes and replacement of aging facilities in rural and urban communities.
- Invest in targeted upgrades, renovations, and equipment to improve safety, reliability and functionality of existing health facilities.
- Enhance patient and provider experience through improvements to accessibility, wayfinding, parking and welcoming spaces within health-care environments.
- Integrate culturally appropriate design and dedicated spaces to support First Nations and Métis health, healing and culturally safe care.
- Expand access to team-based primary health care and community-based services through infrastructure enhancements and new service delivery models.
- Continue planning, design and business case development for future infrastructure projects to ensure readiness for population growth and evolving care needs.
- Strengthen partnerships with government, municipalities, Indigenous partners and health foundations to support sustainable infrastructure development and community engagement.
- Leverage innovation and modern design to support new models of care, improve patient flow and increase system efficiency.

Throughout the 2025-26 fiscal year, the Saskatchewan Health Authority (SHA) worked in close partnership with the Ministry of Health, Ministry of SaskBuilds and Procurement, Indigenous and municipal partners and community stakeholders to advance health-care infrastructure and innovation across Saskatchewan.

These investments are designed to improve access, patient flow, safety, and system capacity, while supporting more integrated, culturally responsive models of care aligned with population growth and changing health needs.

Provincial capital investments in health infrastructure were part of Saskatchewan's \$657 million health infrastructure envelope within the Government of Saskatchewan's broader \$4.6-billion capital plan, the largest capital budgets in provincial history. Advancements of major capital projects this year included:

St. Paul's Front Entrance Project

Construction on the St. Paul's front entrance/expansion project in collaboration with Emmanuel Health, St. Paul's Hospital and St. Paul's Hospital Foundation was complete in November 2025. These improvements will enhance accessibility, safety and the overall experience for patients, families and staff

at St. Paul's. The project also included an Indigenous Healing Centre named Kikâwînow wîki, which means "Our Mother's Home" in Plains Cree.

A ribbon cutting media event was held on January 28, 2026, and the new entrance was opened to the public on January 29, 2026. Thank you to Emmanuel Health and the St. Paul's Hospital Foundation for their generous contributions to this project.

Lloydminster Renal Dialysis Project

SHA, in partnership with Alberta Health Services, facilitated the relocation of the Alberta Health Services-managed dialysis program into an SHA-owned community services facility.

A ribbon cutting ceremony celebrating the completion of the expansion of kidney care services in Lloydminster was held on September 16, 2025, with patients, families, donors, SHA, Alberta Health Services, the Alberta Kidney Care North team and local stakeholders in attendance.

Prince Albert Victoria Hospital

The Prince Albert Victoria Hospital renewal project made continued progress this fiscal year, with construction nearing the halfway point in spring 2026. The new multi-storey acute-care tower will boost overall capacity at Victoria Hospital by about 40 per cent, increasing inpatient beds from 174 to 242, with space to add up to 40 more beds in the future.

The project includes a heliport, an expanded emergency department, larger operating rooms, upgraded laboratory services, an intensive care unit and enhanced medical imaging, including northern Saskatchewan's first MRI. The recently expanded Malhotra Neonatal Intensive Care Unit will be integrated into the new facility.

The Saskatchewan Health Authority is working with the Prince Albert Grand Council and the Boreal Healthcare Foundation on the project and thanks both partners for their support. Construction is scheduled for completion in spring 2028 and will

expand access to health-care services for Prince Albert residents and communities across the North for decades to come.

Saskatoon Urgent Care Centre

Construction for the Saskatoon Urgent Care Centre began in late 2024. By the end of fiscal 2025-26, the facility is nearly 75 per cent complete. Once open, anticipated in early 2027, the facility will be operated by the Saskatchewan Health Authority under a long-term lease with Ahtahkakoop Cree Developments. The proximity to St. Paul's Hospital will help to mitigate some of the capacity pressures impacting the hospital's emergency department.

The Saskatoon Urgent Care Centre will utilize team-based care that includes physicians, nurse practitioners, registered nurses, registered psychiatric nurses, pharmacists, laboratory and diagnostic imaging technologists and other professional support staff working together to assess, treat, manage and support patients.

Once operational, the Saskatoon UCC will provide same-day treatment for non-life-threatening illness and injury, reducing pressure on emergency departments. The facility will also include on-site diagnostic imaging, laboratory services, and pharmacy access. The Saskatoon UCC will offer dedicated mental health and addictions intake spaces, designed to reduce stigma and improve access to urgent supports.

Evidence from the Regina Urgent Care Centre (UCC), which opened in July 2024, demonstrates the model's effectiveness. In its first 18 months of operation, Regina's UCC had treated over 61,000 patients, averaging more than 107 patients per day, significantly diverting demand from emergency departments.

Weyburn General Hospital

Significant progress was made on the new Weyburn General Hospital during the fiscal year, with construction nearing completion.

The facility includes 35 inpatient beds, including 25 acute care beds and 10 inpatient mental health beds, offering improved and expanded access to health services for residents in the area. Other additions and enhancements include expanded ambulatory care, Emergency Medical Services, allied health services, social work supports and a dedicated heliport to improve emergency patient transport for the region.

Consolidating services under one roof will improve patient safety, care coordination, and accessibility for residents of Weyburn and surrounding southeast Saskatchewan communities.

The SHA would like to thank Weyburn and District Hospital Foundation for their contribution and support of this project. The new hospital is targeted to be open by the end of 2026.

St. Paul's Hospital Front Entrance

Planning for future major capital health-care projects occurred throughout 2025-26, including:

Battleford District Care Centre

A Request for Proposals (RFP) was issued in September 2024, and a business case is being developed for a new care centre in Battleford to define the project scope and ensure the facility meets current and future health needs.

Esterhazy Integrated Facility

Planning is continuing for the Esterhazy Integrated Facility, with work underway to identify a preferred site, procurement approach and high-level service requirements as the project moves into the business-case phase.

The Saskatchewan Health Authority continues to engage local municipal and philanthropic partners to advance the partnership between community, foundation, and government to deliver this new facility.

Rosthern Hospital

A preferred site for a new hospital in Rosthern was identified in September 2024. The Rosthern Acute Care Facility is currently the only hospital serving Rosthern and area communities. As the building approaches the end of its service life, a new facility is required to address existing clinical and infrastructure limitations and to support the community's future health-care needs.

The Government of Saskatchewan has earmarked funding in the 2026-27 Provincial Budget to advance this priority project.

Yorkton Regional Health Centre

The Government of Saskatchewan has earmarked funding in the 2026-27 Provincial Budget to complete the pre-design phase for the new Yorkton Hospital. The SHA continues to engage with local municipal and philanthropic partners to advance the partnership between community, foundation, and government to deliver this new facility.

Strengthening Long-Term Care Capacity

As Saskatchewan's population ages, particularly the over 75-year-old age group that is projected to grow by 79 per cent by 2044, expanding and modernizing long-term care (LTC) infrastructure remains a critical priority.

Grenfell Long-Term Care Home

The Grenfell LTC home project entered the construction phase in 2025 following selection of a general contractor, with completion anticipated for Spring 2027. The new LTC home in Grenfell is designed to provide safe, modern, and home-like living environments and will include 33 long-term care beds, including specialized bariatric spaces.

Additional features will include two spa tub rooms, a commercial kitchen, common living and dining spaces, administrative areas, a maintenance garage and parking stalls. The Grenfell and District

Health Foundation and the town of Grenfell and rural municipalities are providing key support and commitment to this project for the benefit of Grenfell and area residents.

La Ronge and Area Long-Term Care Home

Construction of the new La Ronge LTC home progressed well over the halfway mark during the fiscal year. The purpose-built facility will include up to 80 private resident rooms, living and communal areas, and space for other health services, substantially increasing LTC capacity closer to home for residents of northern Saskatchewan. The design of the new LTC home integrates culturally appropriate spaces to support holistic and Indigenous-informed care models.

Once the construction of the new LTC home is complete, the existing long-term care space in the health centre will be renovated to provide additional health services, including the development of a dialysis unit. The SHA would like to thank the La Ronge & Area Long Term Care Fundraising Committee for their contributions and support of this project.

Regina Specialized Long-Term Care Home

Construction began on the new, multi-storey Regina Specialized LTC home in September 2025. The LTC home will put resident care at the forefront by providing individual rooms with ensuite bathrooms,

as well as indoor and outdoor multipurpose spaces. The new home will provide 240 specialized LTC beds to support the needs of residents with dementia, complex behavioural needs and other conditions requiring specialized care, such as acquired brain injury.

Construction of the new Regina Specialized LTC home is expected to be complete by late 2028.

Watson Long-Term Care Home

The Government of Saskatchewan issued a Request for Proposals (RFP) in early 2026 seeking proponents to design, build, maintain and operate a new long-term care home in Watson.

Watson's Quill Plains Centennial Lodge is currently home to 52 LTC residents and the new home will offer 60 LTC beds. The RFP includes replacement of the attached health centre, which, once complete, will continue to be operated by the Saskatchewan Health Authority through a lease back of the space.

Estevan Long-Term Care Home

The Government of Saskatchewan issued a Request for Proposals (RFP) in early 2026 seeking proponents to design, build, maintain and operate a new LTC home in Estevan.

The new Estevan LTC home will provide 65 more beds than the existing Estevan Regional Nursing Home, for a total of 135 long-term care beds.

These projects directly support health-system sustainability, in an effort to align long-term care bed supply with an increasing rate of population aging.

Infrastructure Upgrades and Targeted Investments

In addition to major capital projects, SHA invested in targeted upgrades to existing facilities to extend asset life, improve safety, and increase service capacity:

- More than \$9 million invested in Lloydminster-area health facilities, including hospital infrastructure, long-term care upgrades, dialysis capacity, elevators, chillers, surgical equipment and healing spaces.

- \$1.3 million invested at Melfort Hospital for infrastructure and equipment upgrades, including operating-room airflow improvements, sewer replacement, chillers and advanced ENT and endoscopy equipment.
- More than \$1.6 million invested in Yorkton facilities, supporting ICU expansion, boiler and chiller replacements, security upgrades, roofing, air-handling systems and advanced diagnostic equipment.
- Renewed courtyards, public entrances, parking, and accessibility improvements at facilities such as Regina General Hospital and St. Paul's Hospital, supporting patient flow, safety and healing environments.

These investments reflect evidence-based best practices linking modern infrastructure to patient safety, staff efficiency, and quality of care.

Accessibility Plan

The Saskatchewan Health Authority Accessibility Plan outlines its commitment to identifying, removing and preventing barriers that may limit access to health-care services, facilities, information, employment, and participation. Developed under The Accessible Saskatchewan Act, the plan aims to create a more inclusive health system where patients, residents, families, staff, and community members can access services equitably. The plan focuses on improving accessibility across physical spaces, programs, technology, emergency preparedness, workforce practices, education, and leadership.

- **Make SHA Building and Surrounding Areas More Accessible:** SHA is improving physical access and navigating in facilities. Progress includes integrating accessibility reviews into capital projects, achieving Rick Hansen Foundation certification for the Jim Pattison Children's Hospital playground, and designing new builds like the Martensville Primary Health Centre with accessible layouts. Upgrades such as lever handles, handrails, raised toilet seats, and audible/voice activated elevators have also enhanced existing sites.
- **Improve the Accessibility of SHA Programs and Services:** Efforts focus on reducing barriers to care. Interpretation services are now widely available, accessibility considerations are increasingly embedded in service delivery, and expanded virtual care options help address mobility, transportation, language, and geographic challenges.
- **Make Digital Content More Accessible:** SHA is improving online access to health information. Its website aligns with Web Content Accessibility Guidelines (WCAG), incorporates plain language and descriptive text, and includes features like image descriptions on social media.
- **Increase Access Through Virtual Care and Technology:** Technology is expanding access, especially in rural and remote areas. Saskatchewan Virtual Visit supports patient encounters, while telehealth services operate in facilities in more than 100 communities and over 50 First Nations sites. Programs like Virtual Physician services and Remote Patient Monitoring further strengthen access.
- **Support a Diverse and Inclusive Workforce:** SHA is creating an inclusive workplace for employees with disabilities. Improvements include strengthened accommodation processes, updated inclusive workplace policies, barrier-aware recruitment and onboarding practices, and additional supports for employees whose first language is not English.
- **Strengthen Accessibility in Emergency Preparedness and Disaster Response:** Emergency systems are being designed to meet diverse needs. Staff receive disability-focused emergency training, facilities incorporate accessibility into response plans, and visual and auditory alert systems are being installed to improve communication during emergencies.
- **Improve Employee Knowledge and Awareness of Accessibility:** Education is key to sustaining accessibility. Training materials and learning programs are being developed to meet WCAG standards and include features such as screen reader compatibility, closed captioning, adjustable text, audio narration, and improved visual contrast.

Administrative Information Management System

Delivering high quality health care across Saskatchewan depends not only on clinical excellence, but also on strong administrative systems that support our people, safeguard public resources, and enable sound decision-making. In 2025-26, the Administrative Information Management System (AIMS) continued to play a critical role in strengthening how Saskatchewan Health Authority operates as one provincial organization.

AIMS modernized core administrative functions by replacing fragmented, legacy processes with standardized provincial systems for Human Resources, Finance, and Supply Chain. This transformation has improved consistency across the organization, strengthened internal controls, reduced manual and paper-based work, and provided leaders with clearer, more reliable information to support oversight and accountability.

Supporting Our Workforce

At the heart of AIMS is a focus on supporting the people who deliver care. Standardized human resources processes and shared workforce data have reduced duplication and regional variation, creating a more consistent employee experience across SHA. Automation and streamlined workflows have improved turnaround times and reduced reliance on manual handoffs, allowing staff to focus their efforts where they add the most value.

Employees and managers now have improved self-service access to pay information, employment documents, and verification letters—reducing delays and increasing confidence in the accuracy of information. Recruitment processes are now managed end-to-end in a single system, improving transparency and reducing followups. Job postings move to publication more quickly, electronic letters of offer have replaced paper processes, and hiring managers and candidates benefit from a more coordinated experience.

Payroll improvements continue to support “right first time” pay. Enhanced validation and testing capabilities before pay statements are issued have contributed to a meaningful reduction in payroll advances, while automated retro pay calculations and more efficient year-end processing have reduced rework. More consistent workforce reporting and improved access to employee records have also strengthened oversight and planning at all levels of the organization.

As one HR team member shared, “The system helps us spend less time correcting and more time supporting our people. That makes a real difference for trust.”

Strengthening Financial Stewardship

AIMS has significantly strengthened financial management across SHA by introducing centralized, consolidated reporting and improved analytics. Leaders now have more timely, accurate, and actionable insights into cost centres and expenditures, supporting better decision-making and accountability.

Finance functions have transitioned to standardized, largely paperless workflows that reduce risk and manual effort while strengthening audit readiness. Accounts Payable processes now benefit from automation and intelligent document recognition, helping to manage invoice volumes efficiently and maintain backlogs within target. Audit trails and automated controls support transparency and payment accuracy, while ongoing work with high-volume vendors continues to advance a best-practice, procure-to-pay model.

Treasury operations have been streamlined through consolidation of bank accounts, improving cash visibility while reducing administration and banking fees. A single daily cheque and electronic fund transfer run has improved efficiency and control, with continued focus on closing remaining legacy accounts.

Accounts Receivable has been strengthened through centralized billing intake and the introduction of an interactive voice recognition system, improving responsiveness, service consistency, and the overall client experience.

Month-end and year-end financial close processes have also improved, with reduced timelines, stronger controls, and largely paperless reporting. As SHA completed its second year-end within AIMS, these improvements continued to support a more efficient, reliable, and transparent financial close.

Enabling a Resilient Supply Chain

Reliable access to supplies is essential for safe patient care. AIMS has improved supply chain visibility and coordination across the province. End users now see product backorders at the time a request is placed, with mitigation strategies implemented within 24 hours to address stockouts.

Provincial inventory visibility allows facilities to source supplies from other locations when available, reducing disruptions and supporting continuity of care. Enhanced insight into contracted spend and purchase order compliance strengthens stewardship and supports more informed procurement decisions at a system level.

Learning, Accountability, and a Stronger Foundation for the Future

Employees, managers, and union partners told us clearly that scheduling technology was not meeting operational needs and created challenges in day-to-day work. Although efforts were made to address functionality issues with the vendor, it became evident that not all technical challenges could be resolved as quickly or effectively as required. In response, the decision was made to conclude this component of the program, reflecting the SHA's commitment to responsiveness, partnership, and safe, effective operations.

Even without full implementation of the scheduling component, AIMS achieved value for the system. The program established the standardized systems and shared ways of working required to operate as a single provincial health authority. It reduced reliance

on manual and paperbased processes, improved financial and workforce visibility, and created a scalable foundation to support future transformation initiatives.

- By being transparent about what worked and what did not, we strengthen trust and organizational learning. Modernizing how we work behind the scenes—while recognizing and responding to the lived experiences of our people—ensures we continue building systems that genuinely support those who deliver care. This balance of accountability, listening, and continuous improvement positions Saskatchewan Health Authority for a stronger, more resilient future in support of patient care—today and tomorrow.

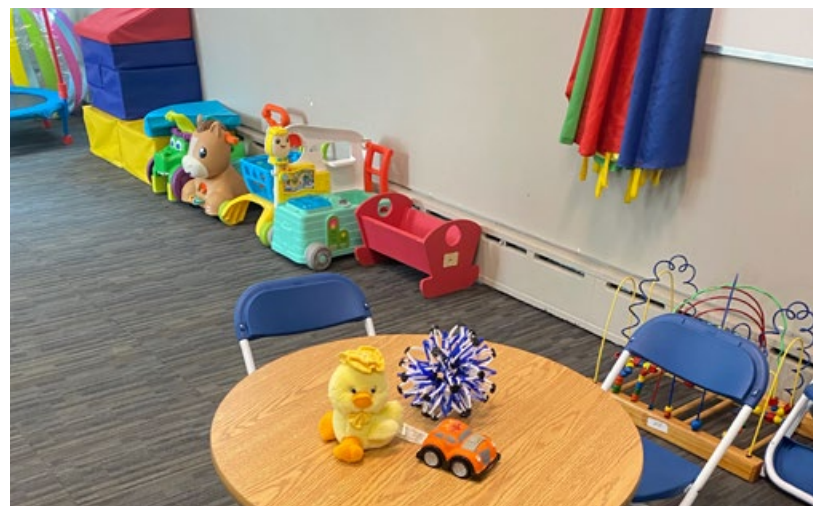

INCREASE ACCESS TO MENTAL HEALTH AND ADDICTIONS RECOVERY SUPPORTS

Strategy

Continue to build responsive, integrated mental health and addictions services as part of a broader health system, ensuring individuals and families can access timely, appropriate, and culturally safe care to support treatment, recovery, and overall mental wellness.

Key Actions

- Continue to expand addictions treatment capacity toward the commitment of 500 new spaces by 2027–28.
- Enhance access through virtual care, mobile supports, and low-barrier service delivery models.
- Expand the Mental Health Capacity Building program to additional schools and communities.
- Advance a recovery-oriented system of care, including transitional supports.
- Improve access for children, youth, and families.
- Strengthen partnerships to deliver culturally appropriate care.
- Continue implementation of opioid response initiatives.

Throughout the 2025-26 fiscal year, the Saskatchewan Health Authority (SHA) made significant progress toward building a more accessible, coordinated, and recovery-oriented mental health and addictions system. Guided by the provincial Roadmap goal to add 500 new addiction treatment spaces by 2028, SHA focused on targeted service expansion, workforce strengthening, and innovative models of care to meet the needs of Saskatchewan residents.

Building Addiction Treatment Capacity

Aligned with the provincial Roadmap objective of adding 500 new addiction treatment spaces by 2028, SHA focused on targeted service expansion, workforce planning, and innovative models of care to meet the unique needs of Saskatchewan patients and communities.

By the end of fiscal 2025-26, 312 new addiction treatment spaces were operational. This represents 78 per cent of the Ministry of Health's target of 400 spaces. Additionally, 55 more treatment spaces had contracts executed with pending

announcements and further expansions are under negotiation; positioning the SHA to surpass the three-year provincial goal of 500 new spaces by 2028.

This work reflects strong collaboration with 28 pre-qualified vendors, including nine Indigenous organizations, ensuring culturally responsive and community-based treatment options continue to grow throughout Saskatchewan. Planning is underway for the public launch of 55 new mobile detox and sober living spaces, with further inpatient and withdrawal management capacity expansions anticipated.

A major milestone in treatment capacity was the full operation of Willowview Recovery Centre in Lumsden. With 60 inpatient beds in operation, Willowview is now Saskatchewan's largest addictions treatment facility, providing structured, long-term recovery programming with comprehensive care to support individuals as they transition back into the community. Additional capacity was added through:

- Mobile withdrawal management services in Saskatoon;
- Family-centred treatment spaces at Carter House in Saskatoon; and
- New second stage recovery housing in Regina and Estevan.

Strengthening the Mental Health Workforce

Workforce recruitment and stabilization remained a key priority. In 2025-26, SHA achieved its target of having 80 per cent of provincial psychiatry positions filled. This success has directly supported the reopening of inpatient psychiatric beds in Weyburn, Swift Current, and Prince Albert, including child and youth beds, thereby supporting patients and families with timely access to care, close to home.

Advancing Team-Based and Coordinated Care

SHA also completed foundational work to strengthen service delivery models. Inpatient mental health service planning and standardized staffing were completed, and a team-based care model for psychiatry was advanced across inpatient and community settings. These models foster interdisciplinary collaboration and more seamless transitions across the continuum of care. Future Mental Health and Addictions services planning will continue to emphasize team-based approaches to improve outcomes and provider sustainability.

Improving Access Through Central Intake and Innovation

Significant progress was made toward a more coordinated provincial access system. A Central Intake and Navigation model for Mental Health and Addictions was successfully initiated, including the establishment of a Provincial Navigator Team supporting a coordinated adult inpatient treatment waitlist. By year end, 293 individuals had been supported, with 59 matched to treatment spaces. Standardized screening tools, increased local intake staffing, a transportation pilot, and onboarding to the Mental Health and Addictions Information System further strengthened system integration.

Virtual Access to Addiction Medicine

Improving access to safe, timely and appropriate care remains a core priority for the Saskatchewan Health Authority. In 2025-26, SHA introduced new models of care focused on reducing barriers for individuals seeking addiction treatment, particularly in rural and remote areas of the province. A key milestone was the launch of the Virtual Access to Addiction Medicine (VAAM) program in January 2026, the first program of its kind in Saskatchewan.

Delivered in partnership with the Government of Saskatchewan, VAAM provides residents with seamless, virtual access to an interdisciplinary addiction medicine team by phone or videoconference. The program enables timely assessment, treatment, and follow-up care for individuals experiencing substance use concerns, including opioids, stimulants, alcohol, and benzodiazepines. Evidence from other jurisdictions demonstrates that virtual models of addiction care reduce substance use, support recovery, and help prevent overdoses. VAAM builds on this evidence to increase access to lifesaving treatment and reduce inequities across Saskatchewan.

VAAM was initially launched in Cumberland House – Cree Nation and Northern Village, Lloydminster, and Nipawin, communities identified as having limited local access to addiction medicine services. Services are available seven days a week with plans to expand to additional communities in the next fiscal year.

Through a holistic, patient-centred model of care, VAAM offers assessment and diagnosis of substance use disorders; mental health screening and short-term support; trauma-informed and culturally safe brief counselling; and routine screening for sexually transmitted and bloodborne infections.

When appropriate, the clinical team can prescribe evidence-based medications to support withdrawal management and reduce cravings. Care is delivered by an interdisciplinary team that includes physicians, nurses, psychiatric nurses, and addiction counsellors, working in collaboration with local laboratories, pharmacies, and community mental health and addiction services.

People seeking treatment access VAAM through self-referral, or referral by a care provider. The care pathway emphasizes continuity and coordination—supporting new treatment starts, transitions between services, re-engagement with care, or restarts after relapse.

Whenever possible, clients are reconnected with local Rapid Access to Addiction Medicine (RAAM) clinics, Opioid Agonist Therapy (OAT) programs, primary care providers, or community-based supports. For individuals without access to local services, ongoing virtual care is available to ensure consistent support.

By expanding innovative, accessible models of addiction care, VAAM reflects SHA's continued commitment to preventing overdoses, and supporting Saskatchewan residents on their path to health, healing, and recovery.

Community-based outreach continued to play a critical role in reaching vulnerable populations. The Community Wellness Bus program expanded to Saskatoon in April 2025, complementing existing services in Regina and Prince Albert. These buses provide low-barrier access to mental health, addictions, and primary care services, particularly for individuals experiencing homelessness or other barriers to accessing traditional care. During the summer wildfire season, wellness bus teams were also deployed to support residents displaced by evacuations, delivering care and connecting to individuals during a time of heightened need.

Targeted supports for children, youth, and families were also strengthened. A new mental health group home for youth opened in Prince Albert, providing a safe, supportive environment for young people with complex mental health needs. In Saskatoon, construction began on two additional youth group homes, further expanding capacity for community-based care. In addition, an online well-being course for new and expecting parents was launched, offering accessible mental health education and early intervention supports.

The Mental Health Capacity Building (MHCB) program furthers efforts to support prevention and early intervention. In 2025-26, the program expanded to additional schools, including in northern communities such as Creighton, increasing the total number of participating schools and divisions. The program supports students, families, and school staff by building resilience, promoting positive mental health, and reducing risk factors for mental illness.

The work done by the MHCB project team is crucial to the success that we're seeing in the students.

Opioid response efforts remained a priority. The Overdose Outreach Team (OOT) program continued to connect individuals who have experienced overdoses with immediate counselling and pathways to longer-term care. This program has demonstrated success in reducing repeat overdoses and improving engagement in treatment.

Partnerships proved to be instrumental in our progress. The SHA worked closely with Indigenous organizations and community partners to deliver culturally appropriate, community-based care.

Programs that incorporate Indigenous teachings, peer support, and local leadership have helped build trust and improve engagement, particularly in communities that have historically faced barriers to accessing care.

Overall, the 2025-26 fiscal year reflects significant progress in improving access to mental health and addictions services across Saskatchewan. Through expanded treatment capacity, innovative service delivery models, and a continued focus on recovery-oriented care, the SHA is helping individuals and families access the supports they need to achieve and maintain well-being.

ENHANCE CONTINUING CARE

Strategy

Enhance continuing care services across Saskatchewan by improving access to long-term care, home and community care, and supportive living environments, while ensuring resident- and family-centred care that promotes dignity, safety, independence, and quality of life.

Key Actions

- Expand and integrate long-term care capacity within the provincial system.
- Strengthen home and community care supports to enable aging in place.
- Improve transitions between hospital, home care, and long-term care.
- Enhance quality of life through person-centred and culturally responsive programming.
- Support continuing care workforce capacity and stability.
- Strengthen partnerships with community and affiliate providers.
- Modernize care models to better support complex needs in the community.

Throughout the 2025-26 fiscal year, the Saskatchewan Health Authority (SHA) continued to enhance continuing care services across the province, with a focus on supporting seniors and individuals with complex needs to live with dignity, independence, and the appropriate level of care. Efforts centred on strengthening long-term care capacity, improving community-based supports, and enhancing quality of life for residents and clients.

A key development this year was the transition of 80 personal care home spaces into publicly operated long-term care capacity at Aspen Village Special Care Home near Regina. The site, formerly Emmanuel Villa, was purchased by the SHA in February 2025. Renovations and operational planning were completed to convert the facility to a long-term care home, with admissions beginning in September 2025. This transition supports greater consistency in care delivery, improved integration within the provincial continuing care system, and enhanced oversight to support high-quality, resident-centred services.

Home and community care services continued to play a critical role in supporting aging in place and reducing unnecessary hospital and long-term care admissions.

Lloydminster's continuing care team tried a new model of care and demonstrated an integrated, proactive approach to supporting older adults living

independently in the community. The team works across disciplines to provide assessments, care planning, and ongoing support, helping individuals remain safely at home for longer while connecting them to services such as home care, rehabilitation, and community resources. This model reduces strain on acute care services while improving quality of life for clients through early intervention and coordinated care.

A significant focus in 2025-26 was advancing the replacement of the Home Care Information System. Following a provincial procurement process, Civica was selected as the successful vendor to replace the legacy Procura platform. This work is foundational to modernizing home care operations and enabling more integrated, province-wide delivery of services.

Moving from 12 separate instances to a single provincial system will support a unified home care client record, allowing client information to travel with individuals as they move within Saskatchewan. It will also improve the ability to appropriately share information with other care teams (e.g., acute care and other community partners) to support safer transitions, more coordinated care planning, and better continuity of care across settings.

Implementing a new provincial Home Care Information System also creates opportunity to standardize workflows, documentation, and business rules, while reviewing what services are (and are not) consistently delivered across the province. This standardization supports clearer provincial expectations, improved quality and reporting, and the ability to optimize staffing models and scope of practice through more consistent processes and data. The new system is planned to launch in Fall 2026.

Enhancing quality of life for residents in long-term care remained a core priority in 2025-26. Across facilities, teams implemented compassionate, person-centred programming designed to support physical, emotional, social, and cultural well-being. These included recreational activities, therapeutic programming, and individualized engagement opportunities tailored to residents' interests and abilities. Staff also contributed to enriching care environments by incorporating cultural traditions, celebrations, and personal histories into daily life, helping residents feel a stronger sense of identity, belonging, and connection within their home.

Continuing care teams also focused on improving transitions between hospital and community settings. Strengthened discharge planning processes, improved coordination between hospital teams and home care services, and increased availability of community supports have helped ensure patients move more smoothly between levels of care. These improvements reduce delayed discharges, improve patient flow in acute care settings, and support better outcomes by ensuring individuals receive care in the most appropriate environment.

The SHA also continued to support innovation in care-delivery models to better meet the needs of

individuals with complex health conditions. This includes expanded use of interdisciplinary teams, enhanced home care supports, and increased collaboration with community providers to deliver care closer to home. These approaches are particularly important for seniors with multiple chronic conditions, where coordinated, wrap-around supports can significantly improve stability and quality of life.

The continuing care workforce remained central to service delivery across the province. Continuing Care Assistants (CCAs), nurses, allied health professionals, and support staff provide essential day-to-day care to residents and clients. Throughout the year, ongoing recruitment efforts, training supports, and workplace initiatives were implemented to strengthen workforce stability and ensure continued delivery of safe, high-quality care across all settings.

Partnerships continued to be a foundational element of continuing care delivery. The SHA worked closely with affiliate operators, community organizations, and local service providers to deliver care in both

publicly operated and contracted facilities. These partnerships enable flexibility in service delivery while maintaining consistent standards of care and ensuring services are responsive to local community needs.

Overall, the 2025-26 fiscal year reflects continued progress in strengthening continuing care throughout Saskatchewan. Through expanded capacity, improved community-based supports, enhanced resident-centred programming, and a continued focus on integration and quality, the SHA is supporting individuals to live well in their communities and ensuring residents receive safe, compassionate, and appropriate care across the continuum.

RESPONDING TOGETHER DURING NORTHERN FACILITY EVACUATIONS

During the summer of 2025-26, the Saskatchewan Health Authority (SHA) responded to emergency facility evacuations in northern Saskatchewan as a result of significant wildfire activity affecting communities including La Ronge and La Loche. Guided by the SHA CARES values, teams across the organization worked quickly and collaboratively to support patients, residents, families, and health-care staff during a rapidly evolving situation.

The evacuations required coordinated planning and response efforts involving health-care teams, emergency management personnel, community leaders, provincial partners, and other agencies. Staff demonstrated exceptional leadership and dedication while ensuring patients and residents were safely relocated and continued to receive the care and supports they required. Clinical and operational teams worked together to manage transportation logistics, maintain continuity of

care, coordinate temporary accommodations, and support communication with families and caregivers throughout the process.

The SHA extends its gratitude to provincial emergency response partners, local municipalities, Indigenous leadership, public safety agencies, and community organizations whose collaboration and support were critical during the evacuations. Strong partnerships and coordinated decision-making helped ensure services remained focused on patient safety and community well-being during a period of uncertainty and disruption.

The SHA also recognizes the patience, resilience, and understanding shown by patients, residents, families, and communities impacted by the wildfires and resulting evacuations. Their cooperation and support helped health-care teams respond effectively under challenging circumstances.

Examples of collaborative response efforts included:

- Coordinating the safe transfer of patients and long-term care residents to alternate care sites and health-care facilities across the province.
- Establishing temporary care spaces and accommodations to support continuity of services for displaced patients and residents.
- Working alongside emergency management organizations, local governments, Indigenous communities, and first responders to support evacuation planning and transportation logistics.
- Supporting staff wellness and redeployment efforts to ensure continuity of care throughout the emergency response.
- Maintaining ongoing communication with patients, families, residents, and communities regarding care plans, transfers, and available supports.

The northern wildfire response demonstrated the strength, adaptability, and commitment of health-care teams and partners across Saskatchewan. Through collaboration, compassion, and a shared focus on patient safety, the SHA and its partners worked together to support northern communities during a significant emergency event while continuing to provide safe, quality care.

MANAGEMENT REPORT

June 3, 2026

Saskatchewan Health Authority

Report of Management

The accompanying consolidated financial statements are the responsibility of management and are approved by the Saskatchewan Health Authority Board of Directors. The consolidated financial statements have been prepared in accordance with Canadian Public Sector Accounting Standards and out of necessity include amounts based on estimates and judgements. The financial information presented in the annual report is consistent with the consolidated financial statements.

Management maintains appropriate systems of internal control, including policies and procedures, which provide reasonable assurance that the SHA's assets are safeguarded and the financial records are relevant and reliable.

The Board delegates responsibility for reviewing the consolidated financial statements and overseeing management's performance in financial reporting to the Audit, Finance and Risk Committee. The Audit, Finance and Risk Committee meets with the Board, management, and the external auditors to discuss and review financial matters and recommends the consolidated financial statements to the Board for approval. The Board approves the annual report and, with the recommendation of the Audit, Finance and Risk Committee, approves the consolidated financial statements.

The appointed external auditor conducts an independent audit of the consolidated financial statements. The external auditor's report expresses an opinion on the fairness of the consolidated financial statements prepared by management.

Saskatchewan Health Authority

2025-26 FINANCIAL OVERVIEW

The SHA used Canadian Public Sector Accounting Standards (PSAS) to prepare its financial statements for the year ended March 31, 2026. SHA financial statements are prepared on a consolidated basis and include St. Paul's (Grey Nuns) of Saskatoon.

Annual Operations

For the year ended March 31, 2026, the SHA recorded a consolidated surplus of \$180.6 million compared to a surplus of \$448.5 million in 2024-25. Included in this is a deficit of \$246.9 million from operations of the SHA, a surplus of \$427.4 million from capital accounts, and nominal amounts from community trust accounts.

Accumulated Surplus

The accumulated surplus includes the operating, capital, and community trust funds and is an accumulation of all financial results of the current and prior years. The accumulated surplus as of March 31, 2026 was \$2.2 billion, compared to \$2.0 billion as of March 31, 2025. This includes designated assets, which are assets that have been formally designated by the authority to indicate the Authority's intention to use those assets for a specific purpose. The SHA Board of Directors continues to formally designate Ministry of Health (MoH) and Alberta Health Services (AHS) capital funding, unspent donations and Saskatchewan Housing Corporation (SHC) reserves. Designated assets totaled \$289.7 million as of March 31, 2026 compared to \$225.5 million as of March 31, 2025.

SHA Consolidated Revenue Comparison to the Budget and Prior Year

Revenue (in thousands of dollars)	Budget 2026	Actual 2026	Variance Over Budget	Actual 2025	Variance from 2025	% of Total Revenue 2026
Ministry of Health	\$5,548,343	\$5,913,690	\$365,347	\$5,679,367	\$234,323	92.9%
Other Government	73,654	92,869	19,215	75,109	17,760	1.5%
Patient & Client Fees	145,077	157,168	12,091	151,297	5,871	2.5%
Out of Province (Reciprocal) & Out of Country	38,875	45,978	7,103	43,369	2,609	0.7%
Donations	23,683	16,415	(7,268)	26,529	(10,114)	0.3%
Ancillary	27,423	41,084	13,661	37,191	3,893	0.6%
Recoveries	47,507	67,912	20,405	53,959	13,953	1.1%
Other	19,219	27,207	7,988	27,766	(559)	0.4%
Total Revenues	\$5,923,781	\$6,362,323	\$438,542	\$6,094,587	\$267,736	

During the 2025-26 fiscal year, revenue totaled \$6.4 billion, representing an increase of \$267.7 million or 4.4 per cent over 2024-25, and \$438.5 million or 7.4 per cent higher than budget. The overall distribution of revenue by category remained consistent with the prior year. Transfers from the MoH accounted for 92.9 per cent of SHA total revenues in 2025-26 (93.2 per cent - 2024-25). Patient fees, including reciprocal billings, represented 3.2 per cent of total revenue (unchanged from the previous year). Revenue consisted of \$5.7 billion in operating funds, accounting for 89.6 per cent of total revenue (90.1 per cent – 2024-25) and \$661.8 million in capital and trust funds, representing 10.4 per cent of total revenue (9.9 per cent – 2024-25).

Expenses

During the 2025-26 fiscal year, expenses of \$6.2 billion were incurred by the SHA, an increase of \$535.7 million or 9.5 per cent over 2024-25 and \$641.5 million or 11.6 per cent higher than the budget. Population growth, changing demographics and evolving health needs continue to drive demand for health-care services. The SHA also continued to face significant inflationary pressures in 2025-26. Together, these factors contributed to increased demand and rising costs across the health-care system. Throughout the year, the SHA worked closely with the MoH to ensure planning addressed both current service requirements and future demands.

SHA Consolidated Expenditures by Function Comparison to the Budget and Prior Year

Expense by Function (in thousands of dollars)	Budget 2026	Actual 2026	Variance Over (Under)	Actual 2025	Increase (Decrease)	% of Total Expense 2026
Inpatient & Resident Services	\$2,083,655	\$2,538,425	\$454,770	\$2,290,169	\$248,256	41.1%
Ambulatory Care Services	458,600	444,993	(13,607)	450,211	(5,218)	7.2%
Diagnostic & Therapeutic Services	803,186	805,964	2,778	759,333	46,631	13.0%
Community Health Services	1,002,849	976,520	(26,329)	911,561	64,959	15.8%
Support Services	1,175,627	1,393,267	217,640	1,213,234	180,033	22.5%
Ancillary	16,245	22,536	6,291	21,538	998	0.4%
Total Expense by Function	\$5,540,162	\$6,181,705	\$641,543	\$5,646,046	\$535,659	

Expenses by function are highlighted in the table above and the percentage of total expenses is comparable to prior year.

Expenses were higher than budget and prior year as a result of increased demand for services, inflationary pressures, and \$231.0 million accrued for estimated provider union retroactive wages. Throughout the year, SHA continued to experience significant capacity pressures in facilities across the province, especially in Saskatoon and Regina, which required increased staffing levels to meet the demand. Additional long-term care beds were added in Regina to support the capacity pressures. Saskatoon City Hospital capacity plan was partially

operationalized with the addition of acute care capacity. Inpatient and Resident Services were higher than budget and prior year due to higher volumes. The increase in volumes resulted in higher expenses in various areas including salaries and benefits, contracted out services, drugs, medical and surgical supplies. Support Services such as Nutrition and Food Services, Registration, Housekeeping and Laundry Services also exceeded budget and prior year expenditures due to inflation and elevated service levels required to meet the increased demand. The scheduling system write-down also contributed to expenditures exceeding budget and prior year expenditures in Support Services.

SHA Consolidated Expenditures by Object Comparison to the Budget and Prior Year

Expense by Object (in thousands of dollars)	Budget 2026	Actual 2026	Variance Over (Under) Budget	Actual 2025	Increase (Decrease) from 2025	% of Total Expense 2026
Amortization	\$214,731	\$170,222	\$(44,509)	\$167,455	\$2,767	2.8%
Purchased Salaries	83,515	52,794	(30,721)	85,111	(32,317)	0.9%
Contracted-out Services	186,572	220,777	34,205	194,988	25,789	3.6%
Drugs	90,144	92,630	2,486	89,616	3,014	1.5%
Grants	399,612	423,415	23,803	400,276	23,139	6.8%
Property Services	214,441	228,812	14,371	227,126	1,686	3.7%
Salaries & Benefits	3,218,441	3,619,202	400,761	3,265,875	353,327	58.5%
Medical Remuneration	652,525	671,234	18,709	601,342	69,892	10.9%
Support Services	68,873	82,857	13,984	79,253	3,604	1.3%
Other	90,006	268,773	178,767	206,553	62,220	4.3%
Medical, Surgical, Lab, Diag & Prosthetics Supplies	321,302	350,989	29,687	328,451	22,538	5.7%
Total Expenses	\$5,540,162	\$6,181,705	\$641,543	\$5,646,046	\$535,659	

The distribution of expenses by object remained consistent with the prior year, as indicated above. Salaries and Benefits remained the SHA's largest expenditure category and exceeded budget and prior year. This includes a \$231.0 million accrual for estimated provider union retroactive wages (Financial Statement Note 19) based on ongoing labour negotiations. Pressures in the health system, resulted in increased compensation, including overtime and premium pay, partially offset by vacancies. Medical remuneration increased compared to budget and prior year, primarily from contract increases and the addition of a number of new physician contracts. Purchased salaries were under budget due to less reliance on contracted nursing and other classifications.

Non-compensation expenses were also impacted by inflationary pressures, along with increased activity levels and capacity initiatives. Key drivers included higher costs for medical and surgical

supplies, prosthetics, laboratory and diagnostic imaging volumes. Contracted services were also above budget and prior year due to expanded long-term care capacity, mental health beds, and service contracts, while property and support services reflected pressures from aging infrastructure, inflation, and higher service volumes.

Other variances were over budget and higher than prior year due to the scheduling system write-down, IT contracts, and general supplies. Grants were higher than budget and prior year, primarily reflecting increased capital funding to affiliates and adjustments to ambulance funding. Overall, the results reflect ongoing growth in demand for health-care services, inflationary pressures, and continued efforts to realign budgets and manage expenditures. Throughout 2025-26, the SHA continued to prioritize patient care and service delivery to effectively meet the increasing demands placed on the health-care system.

During the year ended March 31, 2026, the SHA provided funding of \$90.3 million (\$85.3 million in 2024-25) to prescribed health-care organizations (HCOs) and \$289.0 million (\$278.6 million in 2024-25) to affiliates. Additional information can be found in Appendix D of the annual report on prescribed HCOs and affiliates.

Capital

Capital investment for 2025-26 totaled \$608.1 million compared to \$522.6 million in 2024-25. The majority of funding was provided by the MoH with the remainder of the SHA's funding provided by various sources such as foundations, donations and community trust contributions. Significant progress was made on major capital facility projects managed by SaskBuilds and Procurement. These projects were at various stages of planning, design and delivery, and included the Prince Albert Victoria Hospital, Weyburn Hospital, La Ronge Long-Term Care, Grenfell Long-Term Care, Regina Long-Term Care – Specialized Beds, and many others. Infrastructure acquisition highlights include boiler replacements, water and sewer systems, generators and chillers, medical gas upgrades, fire safety, multiple facility renovations, roofing replacements, heating ventilation air conditioning systems, nurse call system upgrades, elevator projects and electrical renewal projects. Equipment replacements occurred in several areas, including diagnostic imaging, laboratory, surgical, endoscopy, patient care, and food and nutrition. Amortization expense was \$170.2 million compared to \$167.5 million in 2024-25.

Debt

The SHA's debt of \$36.4 million (2025 - \$41.8 million) is composed of banker's acceptances, mortgages, energy performance contract loans, and debentures. The SHA did not acquire any new debt during the year, and outstanding debt decreased due to the repayment of several mortgages that matured. Further information related to SHA's debt is disclosed in Note 8 of March 31, 2026, audited consolidated financial statements.

In addition, the SHA has approved consolidated operating lines of credit totaling \$57.7 million as of March 31, 2026.

Other

The SHA is responsible for managing various community trust funds. The community trust funds are restricted funds that reflect community generated assets transferred to the SHA in accordance with the pre-amalgamation agreements signed with the amalgamating health corporations in May 1993. Under the terms of the pre-amalgamation agreements, the assets are accounted for separately and use of the assets is subject to restrictions. Information regarding these funds can be found in Note 11 of March 31, 2026 audited consolidated financial statements.

AUDITOR'S REPORT AND 2025-26 FINANCIAL STATEMENTS

CONSOLIDATED FINANCIAL STATEMENTS
OF

SASKATCHEWAN
HEALTH AUTHORITY

YEAR ENDED MARCH 31, 2026

INDEPENDENT AUDITOR'S REPORT

To: The Members of the Legislative Assembly of Saskatchewan

Opinion

We have audited the consolidated financial statements of the Saskatchewan Health Authority, which comprise the consolidated statement of financial position as at March 31, 2026, and the consolidated statements of operations, remeasurement gains and losses, change in net debt and cash flow for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Saskatchewan Health Authority as at March 31, 2026, and the consolidated results of its operations, remeasurement gains and losses, changes in net debt, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Saskatchewan Health Authority in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards for Treasury Board's approval, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Saskatchewan Health Authority's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Saskatchewan Health Authority or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Saskatchewan Health Authority's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

PROVINCIAL AUDITOR
of Saskatchewan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Saskatchewan Health Authority's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Saskatchewan Health Authority's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Saskatchewan Health Authority to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control identified during the audit.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2026
(in thousands of dollars)

1. Legislative Authority

During 2017-18, the Saskatchewan Health Authority (SHA) was established pursuant to *The Provincial Health Authority Act* (the Act). The SHA is a not-for-profit organization and is not subject to income taxes and property taxes on certain properties, from the federal, provincial and municipal levels of government. The SHA is a registered charity under *The Income Tax Act* (Canada).

2. Significant Accounting Policies

These consolidated financial statements have been prepared in accordance with Canadian public sector accounting standards, issued by the Public Sector Accounting Board and published by Chartered Professional Accountants of Canada.

a) SHA reporting entity

The SHA's reporting entity includes St. Paul's (Grey Nuns) of Saskatoon (St. Paul's) which is controlled by the SHA. St. Paul's is consolidated after necessary adjustments to a basis consistent with the accounting policies of the SHA. The transactions and inter-entity balances between SHA and St. Paul's have been eliminated on consolidation.

b) Revenue recognition

Revenue is recognized in the period in which the transaction or events that give rise to the revenue as described below occur. All revenue is recorded on an accrual basis, except when the accrual cannot be determined with a reasonable degree of certainty.

i) Government transfers

Transfers from Ministry of Health (MoH), other Government of Saskatchewan ministries and agencies and other government entities are referred to as government transfers.

Government transfers are recognized as revenue in the period during which the transfer is authorized and eligibility criteria are met, except when and to the extent that transfer stipulations give rise to an obligation which meets the definition of a liability. Transfers meeting the definition of a liability are recognized as revenue as the liability is settled.

ii) Fees and charges, ancillary operations and other income

Fees and charges, ancillary operations, and other income are recognized in the period that goods are delivered or services are provided. Amounts received for goods or services that have not been provided by year-end are recorded as deferred revenue.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2026
(in thousands of dollars)

2. Significant Accounting Policies (continued)

b) Revenue recognition (continued)

iii) Donations, fundraising and non-government contributions

Donations, fundraising and non-government contributions are received from individuals, corporations, and other not-for-profit organizations. These contributions may be unrestricted or externally restricted.

Unrestricted contributions are recognized as revenue when received. Contributions with external restrictions are recorded as deferred revenue and are recognized as revenue when used for the specified purpose as outlined in Note 11.

In-kind donations of assets and materials from non-related parties are recorded as revenue at fair value at the date of contribution if a reasonable estimate can be made.

iv) Investment income

Investment income includes dividend income, interest income and realized gains or losses on the sale of investments. Unrealized gains and losses are recognized in the consolidated statement of remeasurement gains and losses until the related investments are sold. Once realized, these gains or losses are recognized in the consolidated statement of operations.

c) Cash

Cash is comprised of cash on hand and balances with financial institutions.

d) Non-financial assets

Non-financial assets are assets held for consumption in the provision of services. These assets do not normally provide resources to discharge the liabilities of the SHA unless they are sold.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2026
(in thousands of dollars)

2. Significant Accounting Policies (continued)

d) Non-financial assets (continued)

i) Tangible capital assets

Tangible capital assets are recorded at cost, while normal maintenance and repairs are expensed as incurred. Donated tangible capital assets are recorded at their fair value at the date of contribution (if fair value can be reasonably determined). During construction, these assets are recorded based on their percentage of completion and are disclosed as construction in progress. Amortization commences when the asset is put in service. Tangible capital assets procured through public private partnerships are valued at the total of the nominal value of progress payments made during or on completion of construction and the present value of the future capital payments, discounted to the date the asset is available for use, using either the internal rate of return or the private sector partner's cost of capital specific to the public private partnership agreement.

Tangible capital assets, with a useful life exceeding one year, are amortized primarily on a straight-line basis over their estimated useful lives as follows:

Land improvements	10%
Leasehold improvements	Term of the lease or 5%
Building & improvements	4 to 5%
Equipment	7 to 25%

ii) Inventory held for consumption

Inventory consists of general stores, medical and surgical, pharmacy, and other inventory held for consumption. They are expensed as they are consumed. All inventories are held at the lower of net realizable value or cost as determined on a weighted average basis. Donated materials held in inventory are valued at fair value at the date of contribution if a reasonable estimate can be made.

iii) Prepaid expenses

Prepaid expenses are prepaid amounts for goods or services that will provide economic benefits in one or more future periods.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2026
(in thousands of dollars)

2. Significant Accounting Policies (continued)

e) Employee future benefits

i) Pension plans

Pension liabilities are calculated using the values as provided by the pension plan in the plan's audited financial statements, and for multi-employer plans the percentage of the SHA employees who are active plan members, as outlined in Note 14. Changes in the pension liabilities that result from adjustments in estimated gains and losses and changes in actuarial assumptions are amortized on a straight-line basis over the expected average remaining service life of the related employee group. Amortization commences in the year following the determination of the adjustment. Losses resulting from plan amendments are recognized in the period of the plan amendment.

ii) Disability income plans

Employees of the SHA participate in several disability income plans to provide wage-loss insurance due to disability. The SHA follows post-employment benefits accounting for its participation in the plans. Accordingly, the SHA expenses all contributions it is required to make in the year.

iii) Accumulated sick leave benefit liability

The SHA provides sick leave benefits for employees that accumulate but do not vest. The SHA recognizes a liability and an expense for sick leave in the period in which employees render services in return for the benefits. The liability and expense is developed using an actuarial cost method. Actuarial gains and losses are amortized on a straight-line basis over the expected average remaining service life of the related employee groups.

f) Obligations under long-term financing arrangement

The SHA recognizes liabilities and tangible capital assets for Public Private Partnership (P3) agreements. The SHA amortizes the cost of the completed project over its useful life, expenses the annual interest, and settles the long-term liability to the private sector partner over the term of the agreement. In addition, life cycle, operations, and maintenance obligations are expensed as paid. Obligations under long-term financing arrangement are disclosed in Note 10.

The long-term receivable from the MoH is collected over the term of the funding agreement.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2026
(in thousands of dollars)

2. Significant Accounting Policies (continued)

g) Asset retirement obligation (ARO)

The SHA recognizes a liability for the following estimated future expenses:

- i) Removal of asbestos in several buildings owned by the SHA
- ii) Make good clauses of leased space
- iii) Decommissioning of fuel storage tanks

The estimated ARO is recorded as a liability with a corresponding increase to the related asset. The amount capitalized is depreciated on the same basis as the underlying asset. The liability amount is reviewed yearly and may be adjusted for revisions to the estimated cost of the liability, and the increase is recognized in the respective tangible capital asset. The SHA does not utilize discounting in the measurement of AROs. The uncertainty regarding the timing and ultimate amount to settle an ARO makes it unlikely that discounting would significantly improve the measurement of AROs. Note 20 outlines the details of the ARO.

h) Measurement uncertainty

In the preparation of the consolidated financial statements, management makes various estimates and assumptions in determining the reported amounts of assets and liabilities, revenues and expenses and in the disclosure of contingencies and contractual rights and obligations. Changes in estimates and assumptions will occur based on the passage of time and the occurrence of certain future events. The changes will be reported in revenues or expenses in the period in which they become known. Significant items subject to such estimates and assumptions include the estimated accumulated sick leave liability, other employee future benefits, inventory, asset retirement obligations, and estimates of the useful lives of tangible capital assets.

i) Financial instruments

The SHA has classified its financial instruments into one of the following categories: i) fair value or ii) cost or amortized cost.

All financial instruments are measured at fair value upon initial recognition. The fair value of a financial instrument is the amount at which the financial instrument could be exchanged in an arm's-length transaction between knowledgeable and willing parties under no compulsion to act.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2026
(in thousands of dollars)

2. Significant Accounting Policies (continued)

i) Financial instruments (continued)

Freestanding derivative instruments continue to be measured at fair value. Gains and losses are recognized in the consolidated statement of remeasurement gains and losses until the instruments are derecognized.

The following financial instruments are subsequently measured at cost or amortized cost:

- i) Accounts receivable
- ii) Investments
- iii) Accounts payable and accrued liabilities
- iv) Debt

All financial assets are assessed for impairment on an annual basis. When a decline is determined to be other than temporary, the amount of the loss is reported in the consolidated statement of operations.

Related debt premium or discount and transaction costs are included in the carrying value of financial instruments recorded at cost or amortized cost and are amortized into interest expense using the effective interest rate method.

j) Leases

Leases that transfer substantially all of the benefits and risks of ownership related to the leased property from the lessor to the SHA are accounted for as a capital lease. Other leases are accounted for as operating leases with contractual obligations disclosed in Note 6b).

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2026
(in thousands of dollars)

2. Significant Accounting Policies (continued)

k) New accounting standards in effect

A number of new Canadian public sector accounting standards and amendments to standards are not yet effective for governments and have not been applied in preparing these consolidated financial statements. The following standards will come into effect as follows:

- i) Conceptual Framework (effective April 1, 2026) replaces Financial Statement Concepts, Section PS 1000, and Financial Statement Objectives, Section PS 1100, which will be withdrawn.
- ii) PS 1202 Financial Statement Presentation (effective April 1, 2026) a new standard ensuring increased understanding of financial statements and the indicators within them, and provides improved accountability information for users.

The SHA plans to adopt these new standards on the effective date and is currently analyzing the impact this will have on its financial statements.

¹ Write-downs includes \$44.7M in scheduling system costs, which was determined to have no future benefit to the organization.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2026
(in thousands of dollars)

4. Accumulated Surplus

Accumulated surplus is comprised of the following:

	March 31, 2025	Additions during the year	Reductions during the year	March 31, 2026
Invested in Tangible Capital Assets:				
Net book value of tangible capital assets	\$ 2,293,654	\$ 608,140	\$ 215,194	\$ 2,686,600
Less: Debt owing on tangible capital assets	(47,417)	(12,753)	(11,381)	(48,789)
	2,246,237	595,387	203,813	2,637,811
Government transfers for tangible capital assets	210,200	628,869	564,949	274,120
Donations	14,360	5,965	5,531	14,794
Canadian Mortgage & Housing Corporate Reserves	977	98	258	817
	225,537	634,932	570,738	289,731
Unrestricted surplus (deficit)	(475,435)	-	275,150	(750,585)
Total Accumulated Surplus from Operations	1,996,339	1,230,319	1,049,701	2,176,957
Accumulated Remeasurement Gains	348	-	(239)	587
	\$ 1,996,687	\$ 1,230,319	\$ 1,049,462	\$ 2,177,544

The purpose and nature of each category above is as follows:

- Government transfers for tangible capital asset expenditures represents the amount restricted by the board to allow for the renewal and replacement of equipment, buildings, and building service equipment.
- Donations represents the portion of accumulated surplus in relation to funds received as donations in the name of specific facilities or programs, however not with external restrictions attached.
- Canadian Mortgage and Housing Corporation (CMHC) Reserves represents the portion of accumulated surplus the SHA is required to maintain for certain replacement reserves as a condition of receiving subsidy assistance from CMHC.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2026
(in thousands of dollars)

5. Contractual Rights

SHA has the following contractual rights:

a) Rental revenue

Rental revenue of \$5.4 million (2025 - \$5.5 million) from contracts for retail space, non-profit activity or office space. Contract expiry terms range from July 21, 2026 to July 31, 2040.

b) Saskatchewan Housing Corporation (SHC) mortgage subsidy

SHC mortgage subsidy of \$507 (2025 - \$1.0 million) for supportive care homes financed by CMHC. Contract expiry terms range from April 1, 2026 to February 1, 2030.

The SHA has contractual rights for the next five years and thereafter as outlined in the table below:

	Rental Revenue	SHC Subsidy	Total 2026	Total 2025
2026	\$ -	\$ -	\$ -	13,767
2027	1,467	321	1,788	1,577
2028	1,046	177	1,223	1,091
2029	871	5	876	753
2030	313	5	318	197
2031 and subsequent	1,664	-	1,664	1,123

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2026
(in thousands of dollars)

6. Contractual Obligations

a) Capital assets acquisitions

At March 31, 2026, contractual obligations for the acquisition and construction of tangible capital assets over the next five years and thereafter are as follows:

	Total 2026	Total 2025
2026	\$ -	\$ 373,760
2027	348,175	255,130
2028	197,157	218,968
2029	179,348	865
2030	33,374	620
2031 and subsequent	-	-

b) Operating leases

Minimum annual payments under operating leases on property and equipment over the next five years and thereafter are as follows:

	Total 2026	Total 2025
2026	\$ -	\$ 31,544
2027	31,128	23,903
2028	19,593	15,923
2029	14,223	11,967
2030	10,497	7,735
2031 and subsequent	57,967	45,823

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2026
(in thousands of dollars)

6. Contractual Obligations (continued)

c) Contracted Health Care Organizations (HCOs)

The SHA has agreements with and provides annual grant funding to HCOs for the delivery of health care services. Certain of these contracts have provisions for continuation of services and/or purchase of facilities in the event of termination. Services provided in the year ended March 31, 2026 will continue to be contracted for the following fiscal year. Minimum annual payments to HCOs over the next five years and thereafter are as follows:

	Total 2026	Total 2025
2026	\$ -	\$ 346,903
2027	367,992	332,434
2028	351,719	324,321
2029	312,222	311,104
2030	305,079	296,789
2031 and subsequent	300,947	-

d) Obligations under long-term financing arrangement

The SHA has contractual obligations in the form of a P3 agreement. Refer to Note 10 for this information.

7. Contingencies

The SHA, along with others, is a defendant to several claims, which have been brought against it over the years because of its operations. The SHA believes these claims are without merit or are covered by insurance in most cases. The SHA records a liability when the assessment of a claim indicates that a future event is likely to confirm that an asset had been impaired or a liability incurred at the date of the financial statements and the amount of the contingent loss can be reasonably estimated. Other settlements, if any, below the deductible or in excess of insurance coverage, would be accounted for as a charge against operations in the period in which settlements arise.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2026
(in thousands of dollars)

8. Debt

Title of Issue	Interest Rate	Annual Repayment Terms	Balance Outstanding	
			2026	2025
Banker's acceptances	2.5% to 3.87%	\$3.6 million principal & interest. Maturing September 4, 2029 to July 10, 2035.	\$ 21,869	\$ 25,021
CMHC mortgages	1.01% to 10.00%	\$0.4 million principal & interest. Renewal dates April 1, 2026 to February 1, 2030.	571	1,108
Energy performance contract loans	4.48% to 5.33%	\$0.5 million principal & interest. Renewal dates October 15, 2026 to May 1, 2027.	918	2,009
Other loans	4.65%	\$1.3 million principal & interest. Renewal date February 6, 2039.	12,348	13,027
Other Debt:				
Debentures payable			710	710
			\$ 36,416	\$ 41,875

Principal repayments required in each of the next five years and thereafter are estimated as follows:

2027	\$ 4,538
2028	4,402
2029	4,007
2030	3,759
2031	3,503
2032 and subsequent	16,207

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2026
(in thousands of dollars)

8. Debt (continued)

a) Banker's acceptances

The SHA has reduced its exposure to interest rate fluctuations by entering into interest rate swaps on some of the banker's acceptances. As at March 31, 2026, the SHA had revolving credit facilities as per the table below:

Revolving Credit Facilities	2026		2025	
	Borrowing Limits	Balance Outstanding	Borrowing Limits	Balance Outstanding
Banker's acceptances				
Interest Rate Swaps:				
JPCH Early Works Project	\$ 14,967	\$ 14,967	\$ 16,339	\$ 16,339
Energy Performance Contracts	7,489	7,489	9,921	9,030
accumulated remeasurement gains	-	(587)	-	(348)
	\$ 22,456	\$ 21,869	\$ 26,260	\$ 25,021

The banker's acceptances are not secured. Interest paid on the banker's acceptances during the year was \$691 (2025 - \$733).

The fair value of the interest rate swaps are recorded on the consolidated statement of financial position with changes in the fair value reflected in the consolidated statement of remeasurement gains and losses. For the year ended March 31, 2026 the market value gain on the interest rate swap was \$239 (2025 – loss of \$1.4 million).

b) CMHC mortgages

SHC may provide a mortgage subsidy for supportive care homes financed by CMHC. The subsidy may change when the mortgage renewal occurs. For each of the mortgages, the SHA has pledged the related buildings of the special care homes as security, which have a net book value of \$3.2 million (2025 - \$4 million). Interest paid on mortgages during the year was \$36 (2025 - \$76). The average term to maturity is 1.7 years (2025 – 2.3 years).

c) Energy performance contract loans

Energy performance contracting is a unique program that allows the SHA to implement facility improvements, reduce energy costs, and improve health and comfort conditions. The projects are expected to provide utility cost savings that will pay for the cost and financing of the projects within an established period. Interest paid on the energy performance contract loans during the year was \$68 (2025 - \$107), and they are not secured. The average term to maturity is 1.9 years (2025 – 2.6 years).

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2026
(in thousands of dollars)

8. Debt (continued)

d) Other Loans

Other loans include all non-CMHC loans, for which the SHA has no assets pledged as security (2025 - \$0). Interest paid on other loans during the year was \$506 (2025 - \$532). The term to maturity is 12.8 years (2025 – 13.8 years).

e) Debentures payable

The SHA owns and operates several accommodation units occupied by “unit holders.” In consideration for a life interest in a “right of use” of the accommodation unit, the unit holder contributes a lump sum deposit. In accordance with the debenture agreement, in the event of the death of the unit holder or termination of the occupant agreement by either party, the SHA is obligated to repay the unit holder or their representative the lesser of:

- i) The original sum; or
- ii) The fair market value of the holders’ right of use.

The debenture payable represents the accumulated amount of deposits received from the market unit holders. These debentures are non-interest bearing with no fixed terms of repayment. The specific land and buildings to which the debentures relate have been pledged as collateral.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2026
(in thousands of dollars)

9. Capital Lease Payable

As at March 31, 2026, the SHA has access to \$20 million (2025 - \$20 million) by way of a revolving lease line of credit.

Title of Issue	Interest Rate	2026	2025
Capital leases for equipment	0.00% to 7.60%	\$ 12,373	\$ 5,542

Interest paid on the above capital leases during the year was \$817 (2025 - \$256). The average term to maturity for the above leases is 4.3 years (2025 - 3.1 years). Principal repayments required in each of the next five years and thereafter are estimated as follows:

2027	\$ 4,003
2028	3,399
2029	2,646
2030	1,489
2031 and subsequent	836

Closing net book value of leased tangible capital assets is as follows:

	Cost	Accumulated Amortization	Net Book Value
			2026 2025
Equipment	\$ 22,648	\$ 9,701	\$ 12,947 \$ 5,996

Assets under capital lease are included in tangible capital assets in Note 3. The assets are amortized on a straight-line basis over the economic life beginning in the year of acquisition. The amortization expense for the year is \$4.8 million (2025 - \$4.0 million).

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2026

(in thousands of dollars)

10. Obligations Under Long-term Financing Arrangement

a) The Meadows

In September 2014, the SHA entered into a P3 arrangement with Plenary Health Swift Current Limited Partnership for the design, build, finance, and maintenance of The Meadows in Swift Current (a long-term care facility). This P3 obligation is calculated using the internal rate of return of 5.44% that extends to April 2046.

The change in the obligation was as follows:

	Total 2026	Total 2025
Obligation, beginning of year	\$ 82,889	\$ 84,935
Payments	(2,160)	(2,046)
Obligation, End of Year	\$ 80,729	\$ 82,889

The SHA has the following payment schedule related to its P3 arrangement:

	Contractual Obligation			Total 2026	Total 2025
	Obligation	Life Cycle Payment	Operation & Maintenance Payments		
2026	\$ -	\$ -	\$ -	\$ -	\$ 8,688
2027	6,616	340	1,810	8,766	8,766
2028	6,616	383	1,856	8,855	8,855
2029	6,616	425	1,902	8,943	8,943
2030	6,616	466	1,950	9,032	9,032
2031 and subsequent	106,405	15,415	38,974	160,794	160,794
Total minimum payments	132,869	17,029	46,492	196,390	205,078
Less interest costs	(52,140)	-	-	(52,140)	(56,596)
	\$ 80,729	\$ 17,029	\$ 46,492	\$ 144,250	\$ 148,482

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2026
(in thousands of dollars)

10. Obligations Under Long-term Financing Arrangement (continued)

b) Regina General Hospital Parkade

In August 2023, the SHA entered into a P3 arrangement with AMG Parkade Operations RGH Corp. for the design, build, finance, and maintenance and operation of a parkade at Regina General Hospital. This P3 obligation is calculated using the private sector partner's cost of capital of 5.65% that extends to November 2054.

The change in the obligation was as follows:

	Total 2026	Total 2025
Obligation, beginning of year	\$ 12,865	\$ 10,301
Additions	-	24,388
Payments	(172)	(21,824)
Obligation, End of Year	\$ 12,693	\$ 12,865

The SHA has the following construction and payment schedule related to its P3 arrangement:

	Contractual Obligation			Total 2026	Total 2025
	Obligation	Life Cycle Payment	Operation & Maintenance Payments		
2026	\$ -	\$ -	\$ -	\$ -	\$ 1,807
2027	894	187	755	1,836	1,807
2028	894	187	755	1,836	1,807
2029	894	187	755	1,836	1,807
2030	894	187	755	1,836	1,807
2031 and subsequent	22,102	4,610	18,651	45,363	44,660
Total minimum payments	25,678	5,358	21,671	52,707	53,695
Less interest costs	(12,985)	-	-	(12,985)	(13,707)
	\$ 12,693	\$ 5,358	\$ 21,671	\$ 39,722	\$ 39,988

(in thousands of dollars)

11. Deferred Revenue

	Balance Beginning of Year	Less Amount Recognized	Add Amount Received	Balance End of Year
Community trusts	\$ 5,052	\$ 6	\$ 134	\$ 5,180
Donations	347	887	1,403	863
Endowments	934	-	21	955
Government of Saskatchewan	8,679	42,077	33,398	-
Other	1,244	905	624	963
Research	1,275	2,273	3,170	2,172
	\$ 17,531	\$ 46,148	\$ 38,750	\$ 10,133

The purpose and nature of each deferred category is as follows:

- Community trusts** – The community trust fund is a restricted fund that reflects community generated assets transferred to the SHA in accordance with the pre-amalgamation agreements signed with the amalgamating health corporations in May 1993. Under the terms of the pre-amalgamation agreements, the assets are accounted for separately and use of the assets is subject to restrictions.
- Donations** – Funds received from individuals, corporations and other not-for-profit organizations that are in the name of specific facilities or programs, with external restrictions as to how they are spent.
- Endowments** – Grants that must be maintained in perpetuity. Funds are recognized only when used for the purpose or purposes specified.
- Government of Saskatchewan** – Government transfers from the MoH with stipulations that give rise to an obligation which meets the definition of a liability.
- Other** – Unexpended revenue with stipulations or external restrictions for the use of funds.
- Research** – Funds received for which the contributor has placed restrictions on the use of the resources, for the purpose of research. Revenue for research is recognized as expenses are incurred as the research project progresses.

13. Trusts Under Administration

Patient and resident trust accounts

The SHA administers funds held in trust for patients and residents using the SHA's facilities. The funds are held in separate accounts for the patients or residents at each facility. The total cash held in trust as at March 31, 2026 was \$3.8 million (2025 - \$4.3 million). These amounts are not reflected in the consolidated financial statements.

14. Employee Future Benefits

a) Pension plans

Employees of the SHA participate in one of the following pension plans:

i) Multi employer joint defined benefit plan

Joint defined benefit plans are governed by a formal agreement between the joint sponsors, which establishes that the joint sponsors have shared control over the plan. Funding contributions are shared mutually between the employer and plan members. The sponsors share, on an equitable basis, the significant risks of the plan. Accordingly, the SHA accounts for only its portion of the plan. Plan assets and surpluses are restricted for member benefits or certain other purposes as set out in the agreement. Plan benefits are determined on the same basis as defined benefit plans.

The accrued benefit obligation is determined using the projected accrued benefit actuarial cost method. Pension fund assets are valued at market-related values by averaging the difference between the net investment income on a market-value basis and the expected investment income, based on expected rate of return on plan assets, over a five year period.

The SHA sponsors one joint defined benefit pension plan, Saskatchewan Healthcare Employees' Pension Plan (SHEPP). The SHA contributes to the plan at a ratio of 1.12 to 1 of employee contributions. Any actuarially determined deficiency is the responsibility of participating employers and employees in the ratio of 1.12 to 1. SHEPP and their governing body determine contribution rates. The SHA participating employer contributions for SHEPP represents approximately 88.72% (2025 - 88.62%) of the total employer contributions to the plan.

Total Pension Liabilities (Assets)⁴	\$ (2,062,829)	\$ (2,145,785)
Valuation allowance of Pension Asset (not available for employer use) ⁵	\$ 2,062,829	\$ 2,145,785
SHA Portion of Pension Liabilities (Assets)	\$ -	\$ -

¹ The plan assets had an actual rate of return of 10.0% (2025 - 11.8%).

² The market value of Plan investments at December 31, 2025 (the basis for our 2026 disclosure) is \$11.99 billion (2024 - \$11.06 billion); as at March 31, 2026 the market value is \$12.21 billion for plan assets of \$12.25 billion.

³ Unamortized estimation adjustments are amortized to pension expense commencing in the year following the adjustment up to 13.3 years.

⁴ The total pension liabilities (assets) is based on the latest actuarial valuation extrapolated to December 31, 2025. Changes in assumptions can result in significantly higher or lower estimates of pension liability. The pension liability would increase by \$1.23 billion or would decrease by \$996 million if the discount rate was decreased or increased by one percentage point respectively.

⁵ The SHA has not recorded any portion of the SHEPP pension asset as plan assets and surpluses are restricted for future member benefits.

(in thousands of dollars)

14. Employee Future Benefits (continued)

a) Pension plans (continued)

ii) Defined contribution plan and other plans

SHA participates in several multi employer defined benefit pension plans including Regina Civic Employees' Superannuation and Benefit Plan (RCESP), Local Authorities Pension Plan (LAPP), and one defined contribution plan, Public Employees' Pension Plan (PEPP). The SHA follows defined contribution plan accounting for its participation in the plans. The SHA's financial obligation to these plans is limited to making the required payments to these plans according to their applicable agreements. Accordingly, the SHA expenses all contributions it is required to make in the year. Defined contribution plans provide pensions based on accumulated contributions and investment earnings. Employees contribute a percentage of salary.

Pension expense is included in Compensation – benefits in Schedule 1 and is equal to the SHA contributions amount below.

Below is a summary of the SHA defined contribution plans:

				Total	Total
	LAPP ¹	RCESP ²	PEPP	2026	2025
Plan status	open	open	open		
Member contribution rate (% of salary) ³	7.45-10.65	8.25-12.25	5.00-8.60		
SHA contribution rate (% of salary) ³	8.45-11.65	8.25-12.25	5.00-8.60		
SHA participation					
Number of active members	31	1,554	132	1,717	1,774
Member contributions	\$ 189	\$ 7,802	\$ 643	\$ 8,634	\$ 9,044
SHA contributions	\$ 213	\$ 7,806	\$ 652	\$ 8,671	\$ 9,749

¹ Certain employees of the SHA participate in LAPP, a multi employer defined benefit plan. The plan decided to reduce the unfunded obligation through increased contribution rates to provide benefit security as at January 1, 2018 the plan was able to reduce contribution rates. At December 31, 2024 audited financial statements for LAPP reported an accrued benefit obligation of \$51.1 billion (2023 - \$48.3 billion) and pension fund assets at market value of \$70.7 billion (2023 - \$63.4 billion).

² Certain employees of the SHA participate in RCESP a multi employer defined benefit plan. The plan was amended effective January 1, 2016. Employers agreed to amortize the unfunded liability over a twenty year period. In respect to the pre-amended deficit, the employer/employee contribution rates changed from an equal cost sharing to 60:40 contribution ratio. The sharing of future deficits shall be in accordance with the new funding policy. At December 31, 2025 audited financial statements for RCESP reported an accrued benefit obligation of \$1.7 billion (2024 - \$1.7 billion) and pension fund assets at market value of \$2.0 billion (2024 - \$1.9 billion).

³ Contribution rate varies based on employee group.

b) Disability income plans

Employees of the SHA participate in one of the following disability income plans administered by 3sHealth:

- i) General established in 1975
- ii) CUPE established in 1975 – affiliated with the Canadian Union of Public Employees
- iii) SEIU-West established in 1975 – affiliated with the Service Employees International Union
- iv) SUN established in 1982 – affiliated with the Saskatchewan Union of Nurses

The SHA's financial obligation to these plans is limited to making the required payments to these plans according to their applicable agreements. Disability expense is included in Compensation – benefits in Schedule 1 and is equal to the SHA contributions amount below.

	General	CUPE	SEIU
Number of active members	7,684	12,156	8,960
Member contribution rate ¹ (% of salary)	0.65 - 0.71	1.20	1.25
SHA contribution rate ¹ (% of salary)	0.71 - 0.76	1.20	1.25
Member contributions	\$ 3,352	\$ 5,407	\$ 4,419
SHA contributions	\$ 3,935	\$ 5,407	\$ 4,419

c) Accumulated sick leave benefit liability

The cost of the accrued benefit obligations related to sick leave entitlement earned by employees is actuarially determined using the projected benefit method prorated on service and management's best estimate of inflation, discount rate, employee demographics and sick leave usage of active employees. The SHA has completed an extrapolation as of March 31, 2026 of the March 31, 2025 valuation. Key assumptions used as inputs into the actuarial calculation are as follows:

	2026	2025
Discount rate	4.30%	3.90%
Earnings escalation rate	2.50%	2.50%
Expected average remaining services life	11 years	11 years

Earnings increase for seniority, merit and promotion is as follows:

Employee groups

For ages 15 to 29	2.00%	2.00%
For ages 30 to 39	1.50%	1.50%
For ages 40 to 49	1.00%	1.00%
For ages 50 to 59	0.50%	0.50%
For ages 60 and over	0.00%	0.00%

	2026	2025
Accrued benefit obligation, beginning of year	\$ 187,142	\$ 152,018
Cost for the year		
Current period benefit costs	24,129	17,673
Interest expense	7,325	6,526
Actuarial losses (gains)	(5,278)	29,123
Benefits paid during the year	(22,794)	(18,198)
Plan amendments	-	-
Accrued benefit obligation, end of year	190,524	187,142
Unamortized net actuarial loss	(40,399)	(50,830)
Benefit Obligation, End of Year	\$ 150,125	\$ 136,312

(in thousands of dollars)

15. Budget

The SHA board approved their 2025-2026 budget plan on May 29, 2025.

16. Financial Risk Management

The SHA has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board ensures that the SHA has identified its major risks and ensures that management monitors and controls them. The Board oversees the SHA's systems and practices of internal control, and ensures that these controls contribute to the assessment and mitigation of risk.

a) Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The SHA is exposed to credit risk from the potential non-payment of accounts receivable. The majority of the SHA's receivables are from MoH – General Revenue Fund, Saskatchewan Workers' Compensation Board, health insurance companies or other provinces. Therefore, the credit risk on accounts receivable is minimal. The SHA is also exposed to credit risk from cash and investments.

The SHA manages its credit risk surrounding cash and investments by dealing solely with reputable banks and financial institutions, and utilizing an investment policy to guide their investment decisions. The SHA invests surplus funds to earn investment income with the objective of maintaining safety of principal and providing adequate liquidity to meet cash flow requirements.

Management reviews accounts receivable to determine if a valuation allowance is necessary to reflect impairment in collectability.

The aging of Ministry of Health and other accounts receivable as at March 31, 2026 was:

	Total	0-30 Days	30-60 Days	60-90 Days	Over 90 Days
Accounts receivable					
Ministry of Health - General Revenue Fund	\$ 97,148	\$ 28,770	\$ 154	\$ 154	\$ 68,070
Other	221,986	90,429	6,073	4,979	120,505
Gross Receivables	319,134	119,199	6,227	5,133	188,575
Allowance for doubtful accounts	(88,587)	(1,970)	(397)	(754)	(85,466)
Net Receivables	\$ 230,547	\$ 117,229	\$ 5,830	\$ 4,379	\$ 103,109

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2026
(in thousands of dollars)

16. Financial Risk Management (continued)

b) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates or interest rates, will affect SHA's income or the value of its holdings of financial instruments. The objective of market risk management is to control market risk exposures within acceptable parameters while optimizing return on investment.

i) Foreign exchange risk

Foreign exchange risk is the risk the fair value of financial instruments denominated in a foreign currency will fluctuate because of changes in the foreign exchange rates. The SHA operates within Canada, but in the normal course of operations is party to transactions denominated in foreign currencies. The SHA believes that it is not subject to significant foreign exchange risk from its financial instruments.

ii) Interest rate risk

Interest rate risk is the risk the fair value of future cash flows or a financial instrument will fluctuate because of changes in the market interest rates. Financial assets and financial liabilities with variable interest rates expose the SHA to cash flow interest rate risk.

The SHA's investments consist of term deposits bearing interest at coupon rates. As at March 31, 2026, the interest rates on the investments held by the SHA bear minimal risk and therefore the overall risk to the SHA due to fluctuating interest rates is minimal. Although management monitors exposure to interest rate fluctuations, it does not employ any interest rate management policies to counteract interest rate fluctuations.

The majority of the SHA's long-term debt outstanding as at March 31, 2026 and 2025 has fixed interest rates. The SHA has entered into interest rate swaps to effectively fix the interest rates, and further reduce the interest rate risk, on certain debt. Refer to Note 8 for this information.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2026
(in thousands of dollars)

16. Financial Risk Management (continued)

c) Liquidity risk

Liquidity risk is the risk that an organization is not able to fulfill its financial obligations as they become due.

The SHA manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing and financing activities. The SHA relies on grants from the MoH through the General Revenue Fund. To obtain sufficient funds, the SHA provides the Ministry with capital and operating budgets and quarterly forecasts.

As at March 31, 2026, the SHA is committed to the following liabilities, including principal and interest, based on the expected undiscounted cash flows from the reporting date to the contractual maturity date:

	Carrying amount	Due in less than 1 year	Due in 1-3 years	Due in 3-5 years	Due after 5 years
Accounts payable and accrued liabilities	\$ 1,102,141	\$ 1,102,141	\$ -	\$ -	\$ -
Debt	36,416	4,538	8,409	7,262	16,207
Capital lease payable	12,373	4,003	6,045	2,325	-
Obligations under long-term financing arrangement	93,422	2,462	5,346	5,961	79,653
	\$ 1,244,352	\$ 1,113,144	\$ 19,800	\$ 15,548	\$ 95,860

Fair value of interest rate swaps

The fair value of the interest rate swaps are recorded in the consolidated statement of financial position with changes in fair value reflected in the consolidated statement of re-measurement gains and losses. Accordingly, the determination of fair value requires judgment and is based on market information where available and appropriate. Fair value measurements are categorized into levels within a fair value hierarchy based on the nature of the inputs used in the valuation. The interest rate swap is determined to be Level 1, where by quoted prices are readily available from an active market, and no items have transferred between hierarchy levels 1 to 3.

At March 31, 2026 the market value gain on the interest rate swap was \$239 (2025 – loss of \$1.4 million).

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2026
(in thousands of dollars)

16. Financial Risk Management (continued)

c) Liquidity risk (continued)

Lines of credit

The SHA has several approved operating lines of credit totaling \$57.7 million (2025 - \$57.7 million). Interest rates vary from prime minus 0.75% to prime minus 0.50%. No interest was paid on lines of credit during the year ended March 31, 2026 (2025 - \$129).

17. Related Parties

These consolidated financial statements include transactions with related parties. The SHA is related to all Saskatchewan Crown Agencies such as ministries, corporations, boards, and commissions under the common control of the Government of Saskatchewan, as well as its key management personnel and their close family members. Additionally, the SHA is related to organizations where they have key management personnel and/or their close family members in common. Transactions with these related parties are in the normal course of operations and are settled on normal trade terms, except for the following:

- a) The SHA administers certain vaccines (e.g., COVID-19 vaccines) owned and controlled by the Ministry of Health at no cost.
- b) The SHA receives information technology services provided by eHealth Saskatchewan (eHealth) at lower than market cost.

18. Comparative Information

Certain of the comparative figures have been reclassified to conform to the financial statement presentation adopted in the current year.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2026
(in thousands of dollars)

19. Collective Bargaining Agreements

The Saskatchewan Union of Nurses (SUN) and Health Sciences Association of Saskatchewan (HSAS) contracts expired on March 31, 2024. Negotiations are underway for SUN and HSAS and the impact on these consolidated financial statements is not determinable and no accrual has been made.

The provider union contracts made up of the Service Employees International Union (SEIU-West), Canadian Union of Public Employees (CUPE), and Saskatchewan Government and General Employee's Union (SGEU) expired on March 31, 2023 and estimates of retroactive settlement of \$231.0 million have been accrued in these consolidated financial statements.

20. Asset Retirement Obligation

The SHA's asset retirement obligation consists of the following obligations:

a) Asbestos obligation

The SHA owns and operates several buildings that are known to have asbestos, and there is a legal obligation to remediate any asbestos upon demolition or disposal of the building. Following the adoption of *PS 3280 – Asset retirement obligations*, the SHA recognized a liability relating to the removal of the asbestos in these buildings as estimated at April 1, 2022. The buildings have an estimated useful life of 25 years, of which a majority are fully amortized.

b) Make good clause obligation

The SHA has a number of operating leases where the leased properties are required to be returned to a certain condition at the end of the lease term as stipulated in the lease agreement. Following the adoption of *PS 3280 – Asset retirement obligations*, the SHA recognized a liability relating the make good clauses as estimated at April 1, 2022. The ARO relating to these leases are fully expensed as of March 31, 2026.

c) Fuel storage tank obligation

The SHA owns several fuel storage tanks for various operating purposes, and there is a legal obligation to decommission the fuel storage tanks upon retirement of the asset, in accordance with environmental standards. Following the adoption of *PS 3280 – Asset retirement obligations*, the SHA recognized a liability relating to the decommissioning of underground fuel storage tanks as estimated at April 1, 2022. The fuel storage tanks have an estimated useful life of 20 years, of which a majority are fully amortized.

	\$ 6,686,171	\$ 156,129	\$ 6,842,300	\$ 6,083,334

¹ Salaries include regular base pay, overtime, honoraria, sick leave, vacation leave, and merit or performance pay, lump sum payments, and any other direct cash remuneration. Severance in 2026 was \$0 (2025 - \$108,196).

² Benefits and Allowances include the employer's share of amounts paid for the employees' benefits and allowances that are taxable to the employee. This includes taxable: professional development, non-accountable relocation benefits, personal use of an automobile, cell-phone, computer, etc., as well as any other taxable benefits.

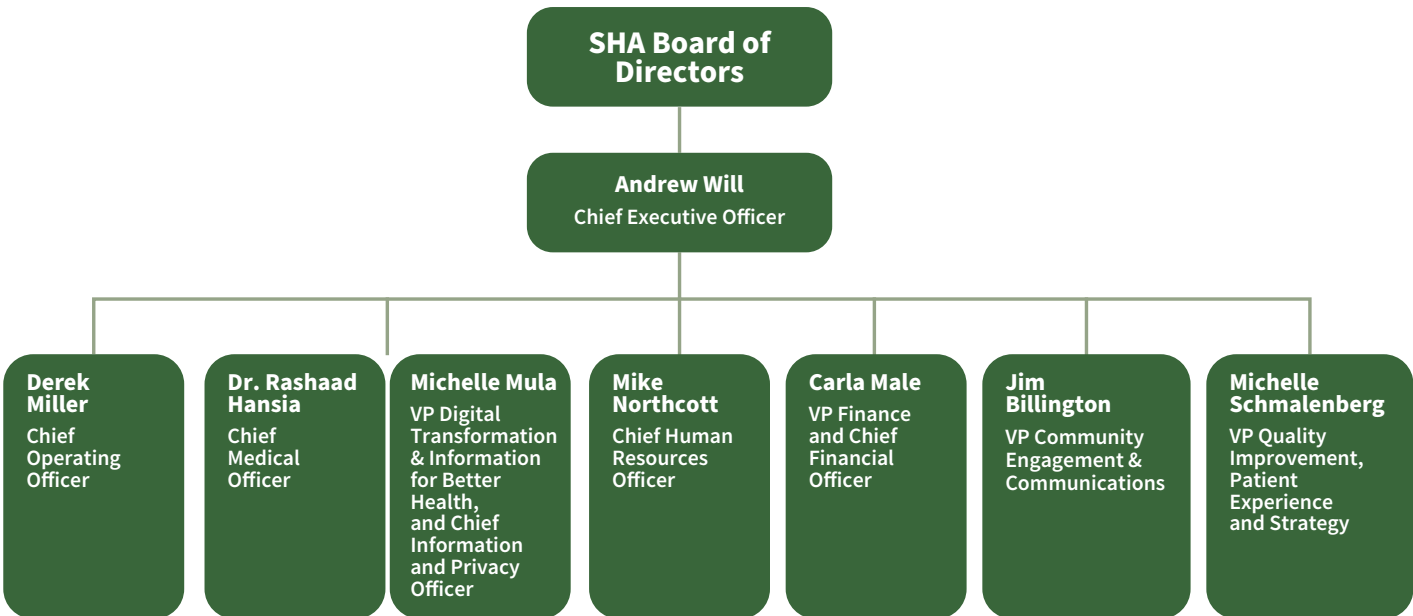

³ Due to organization structure changes in February 2023, the Executive Director positions have become a member of the Executive Leadership Team.

⁴ Michelle Schmalenberg's title changed from Executive Director to Vice President in 2024-25.

⁵ SHA undertook a restructuring of Senior Physician Leadership roles in 2025-26, resulting in Deputy Chief Medical Officers (DCMOs) replacing Physician Executives. Two additional DCMO positions which previously existed but were not included within Schedule 4 are now included. Some physicians also held an Interim Chief Medical Officer role while the Senior Physician Leadership structure was finalized.

APPENDICES

Appendix A: Organizational Structure

July 2025

Appendix B: Senior Executive Team Overview

Chief Executive Officer and Chief Operating Officer

- ① Andrew Will, Chief Executive Officer, Saskatoon
- ② Derek Miller, Chief Operating Officer, Saskatoon

Chief Medical Officer

- ③ Dr. Rashaad Hansia, Chief Medical Officer, Regina

Digital Transformation and Information for Better Health, Chief Information and Privacy Officer

- ④ Michelle Mula, Vice President, Digital Transformation and Information for Better Health, Chief Information and Privacy Officer, Regina

Human Resources

- ⑤ Mike Northcott, Chief Human Resources Officer, Saskatoon

Finance

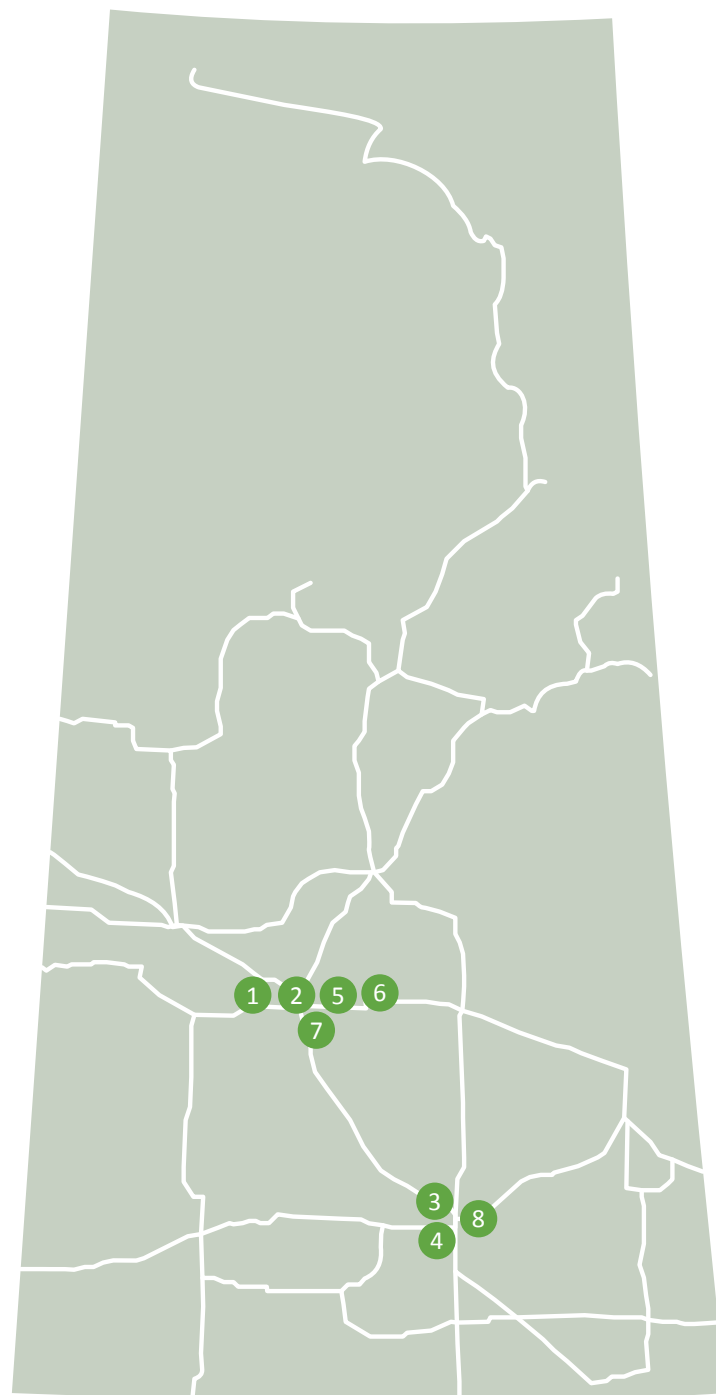

- ⑥ Carla Male, Vice President, Finance and Chief Financial Officer, Saskatoon

Community Engagement & Communications

- ⑦ Jim Billington, Vice President Community Engagement and Communications, Saskatoon

Quality Improvement, Patient Experience and Strategy

- ⑧ Michelle Schmalenberg, Vice President, Quality Improvement, Patient Experience and Strategy, Regina

Appendix C: Union Relations

The majority of the SHA's employees belong to one of five unions. Unions provide their members with advice and support and bargain with the Saskatchewan Association of Health Organizations (SAHO) Inc. to establish terms and conditions of employment, including wages and benefits. The SHA and unions work together to ensure high-quality, timely care for patients and to provide a safe environment free of physical, emotional or psychological harm for patients and health-care providers. Union members provide services in long-term care, home care, acute care, health-care centres, public health, mental health and community health.

The SHA's union partners are:

- The Saskatchewan Union of Nurses (SUN): SUN represents nearly 12,700 SHA registered nurses, registered nurse practitioners, registered psychiatric nurses and graduates.
- The Health Sciences Association of Saskatchewan (HSAS): HSAS represents approximately 4,300 SHA employees. Roles include pharmacists, addictions counsellors, dietitians, audiologists, emergency medical services staff, epidemiologists, infection control practitioners, occupational and physical therapists, health inspectors and psychologists.
- The Canadian Union of Public Employees (CUPE), the Service Employees International Union-West (SEIU-West) and the Saskatchewan Government and General Employees Union (SGEU): CUPE, SEIU-West and SGEU represent SHA's health-care providers. They work in a variety of medical and non-medical positions. Included are environmental services, food services, continuing care aides, licensed practical nurses, cooks, medical lab and diagnostic technologists, maintenance staff, clerical workers, porters, and purchasing, health records and registration clerks.
 - CUPE represents approximately 15,400 SHA employees in the former Prairie North, Prince Albert Parkland, Regina Qu'Appelle, Sun Country and Sunrise health regions.
 - SEIU-West represents more than 13,500 SHA employees in the former Cypress, Five Hills, Heartland and Saskatoon health regions as well as staff at Meadow Lake Clinic in the former Prairie North Health Region.
 - SGEU represents approximately 1,700 SHA employees in the former Kelsey Trail, Keewatin Yatthé and Mamawetan Churchill River health regions.

Appendix D: Funded Organizations

Appendix D Funded Organizations

a) Prescribed Health Care Organizations (HCOs)

The SHA has entered into agreements with those who meet the definition of prescribed HCOs pursuant to the Act to provide health services.

These organizations receive operating funding from the SHA on a monthly basis in accordance with budget amounts approved annually. During the year, the SHA provided the following amounts to prescribed HCOs:

	2026	2025
	(000's of dollars)	(000's of dollars)
615672 Saskatchewan Ltd.	\$ 686	\$ 690
